Chapter 8 Clearing House and Performance Bonds

GENERAL

800. CLEARING HOUSE

The Exchange shall utilize the services of the CME Clearing House in order to protect market participants and to maintain the integrity of the contracts traded on or processed through the Exchange. Membership in the Clearing House shall be a right and privilege granted by the Board of Directors which may, from time to time, establish such classes of membership in the Clearing House, together with the duties, rights and privileges thereof, as it deems necessary.

801. MANAGEMENT

The general direction of the Clearing House shall be under the jurisdiction of the Clearing House Risk Committee. The Chief Executive Officer with the approval of the Board shall appoint a President of the Clearing House, who shall be responsible for the daily operation of the Clearing House and the implementation of the rules applicable to the Clearing House. The President of the Clearing House may also delegate authority for certain aspects of the daily operation of the Clearing House to staff of the Clearing House.

Clearing House staff shall adopt, establish, publish and amend from time to time a Clearing House Manual of Operations ("Manual"). This Manual shall contain, among other things, information and directions for preparing trade data, completing prescribed memoranda and meeting other Clearing House requirements. The Manual and amendments thereto shall constitute part of the rules of the Exchange.

802. PROTECTION OF CLEARING HOUSE

802.A. Default by Clearing Member and Other Participating Exchanges¹

1. Default by Clearing Member

If a clearing member of CBOT, CME, NYMEX or COMEX fails promptly to discharge any obligation to the CME Clearing Houses, it shall be in default. If a clearing member is in default, its security deposit (pursuant to Rule 816), its performance bonds on deposit with the Clearing House, the proceeds of the sale of any membership and Class A Shares assigned to it for clearing qualification, and any other assets held by, pledged to or otherwise available to the Clearing House, shall be applied by the Clearing House to discharge the obligation. For purposes of this rule, each default by an individual clearing member will be considered a separate default event.

For purposes of this Rule, the positions in the cross-margin account of a Participating Clearing Member or its Cross-Margining Affiliate at a Cross-Margining Clearing Organization, and the performance bond thereon, shall be considered assets of the Participating Clearing Member available to the Clearing House to the extent provided in the Cross-Margining Agreement between the Clearing House and such Cross-Margining Clearing Organization. A clearing member in default shall immediately make up any deficiencies in its security deposit resulting from such default prior to the close of business on the next banking day.

The clearing member shall take no action, including but not limited to, attempting to obtain a court order, that would interfere with the ability of the Clearing House to so apply such assets and proceeds.

If the security deposit, performance bond and other assets of a clearing member available to the Clearing House are insufficient to satisfy all of its obligations to the Clearing House, including all claims against the Clearing House by reason of its substitution for that clearing member pursuant to Rule 804, the Clearing House shall nonetheless pay all such claims, which shall be deemed a loss to it and which shall be a liability of the defaulting clearing member to the Clearing House, which the Clearing House may collect from any other assets of such clearing member or by process of law.

2. Default by Other Participating Exchanges.

If a Participating Exchange fails to promptly discharge any obligation to the Clearing House arising out of its obligations to the Clearing House, such Participating Exchange's letters of credit, performance bonds and other assets available to the Clearing House shall be applied by the Clearing House to discharge the obligation.

¹ Revised August 2008; December 2008.

802.B. Satisfaction of Clearing House Obligations¹

If the Clearing House is unable to immediately satisfy all claims against it including, but not limited to, costs associated with the liquidation, transfer and managing of positions, arising out of: 1) its substitution (pursuant to Rule 804) for a defaulting clearing member or a defaulting Participating Exchange, or a defaulting Partner Clearinghouse; 2) a shortfall in a cross-margining program; 3) the failure of a depository, exchange or market apart from the Exchange but whose transactions are cleared pursuant to the provisions of Chapters 8B, 8C, 8D, 8E or 8F of the CME Rulebook; 4) for any other cause, then such claim or obligation shall be met and made good promptly by the use and application of funds from the following sources in the order of priority hereafter listed. Each source of funds set forth below shall be completely exhausted, to the extent practicable, before the next following source is applied.

1. Surplus funds of the Exchange in excess of funds necessary for normal operations.
2. The amount of security deposit required under Rule 816 from all classes of clearing members shall be applied toward meeting said loss, in direct proportion to the total security deposit requirement of each clearing member. Notwithstanding the above, the initial draw under this section 2 of the rule shall be in an amount up to any applicable insurance policy deductible then in place with the Exchange;
3. Proceeds from any default insurance maintained by the Clearing House to the extent that such proceeds are available in a timely manner to be applied towards the default.
4. In the event a shortfall continues to exist after the application of the insurance proceeds in number 3 above, any remaining unused proceeds from the security deposit/Guaranty Fund pool set forth in number 2 above shall then be applied;
5. The balance of the Clearing House loss remaining after application of the above funds shall be assessed against all clearing members (excluding any insolvent or defaulting clearing member). Each clearing member (excluding any insolvent or defaulting clearing member) shall be subject to an assessment up to an amount that does not exceed 275 per cent of such clearing member's security deposit requirement.
6. All amounts assessed by the Clearing House against a clearing member pursuant to this Rule, during the hours in which the Federal Reserve's wire transfer system (Fedwire) is in operation, shall be paid to the Clearing House by such clearing member prior to the close of Fedwire on such day. All amounts assessed within one (1) hour prior to the close of Fedwire shall be paid to the Clearing House within one (1) hour after Fedwire next opens. While such application of funds shall be mandatory, the detailed implementation of Rule 802.B. shall be the responsibility of the Clearing House Risk Committee with the approval of the Board.

Any clearing member that does not satisfy an assessment, made pursuant to paragraphs 5 or 6 above, shall be in default. Any Clearing House loss that remains as a result of such default shall be assessed pursuant to paragraph 5.

If a clearing member (i) makes payment of all amounts assessed against it pursuant to paragraph 5 or 6 above, (ii) replenishes any deficiency in its security deposit in accordance with Rule 802.D., and (iii) satisfies all other conditions for withdrawal, it may, within five (5) business days of such payments, apply to withdraw from clearing membership pursuant to Rule 913. Immediately after the Clearing House approves the clearing member's withdrawal, the withdrawing clearing member shall not be subject to any other assessment pursuant to this Rule. Further, upon the approval of the clearing member's request to withdraw, the security deposit that it has restored shall not be used or applied towards meeting any claim or obligation of the Clearing House pursuant to this Rule and shall be released in accordance with Rule 913.

After payment of an assessment pursuant to this Rule, a clearing member shall charge other clearing members for whom it clears contracts or carries positions on its books to recover their proportional share of the assessment. Such other clearing members shall promptly pay the charge.

To the extent that, and irrespective of the fact that, the Clearing House has default insurance coverage in effect at the time of an event of default, the Clearing House may nevertheless continue to utilize the resources under the priority outlined in Rule 802.B.1, B.2, B.3. and B.5. for immediate liquidity while awaiting any insurance proceeds. Any insurance proceeds so recovered by the Clearing House, to the extent not required by the Clearing House to cure a default, will be applied to the credit of the non-defaulting clearing members.

802.C. Rights of Clearing House for Recovery of Loss

¹ Revised August 2008; December 2008.

If a loss for which clearing members or their security deposits have been assessed is subsequently recovered by the Clearing House in whole or in part, the net amount of such recovery shall be credited to such persons or firms (whether or not they are clearing members at the time of recovery) in proportion to the amount of the assessment.

802.D. Security Deposits to be Restored

In the event it shall become necessary to apply all or part of the security deposits to meet obligations to the Clearing House pursuant to Rule 802, clearing members shall immediately make good any such deficiency in security deposits prior to the close of business on the next banking day.

803. LIMITATION OF LIABILITY

The liability of the Clearing House shall be limited to losses resulting from the substitution of the Clearing House upon contracts between clearing members and to losses in connection with substitution of another Participating Exchange for clearing members (i.e., the Mutual Offset System), and to losses in connection with amounts due and owing from a Partner Clearing House. The Clearing House shall not be liable for any other obligations, including but not limited to, obligations of a non-clearing member, obligations of a clearing member to a non-member, obligations of a clearing member to another member of the Clearing House who is acting for him as broker, or obligations to a customer by a clearing member; nor shall the Clearing House become liable to make deliveries to or accept deliveries from a customer of its clearing members.

804. SUBSTITUTION¹

Except with respect to trades made pursuant to Rules 526, 538 and 853, the Clearing House shall, through the process of novation, be substituted as, and assume the position of, seller to the buyer and buyer to the seller of the relevant number of Exchange or Marketplace contracts upon the successful matching of trade data submitted to the Clearing House by the clearing members on the long and short sides of a trade. With respect to contracts that are traded on and matched by another exchange or market, the Clearing House shall be substituted as, and assume the position of, seller to buyer and buyer to seller of the relevant number of such contracts upon matching of trade data submitted to and accepted by the Clearing House.

Upon such substitution, each clearing member shall be deemed to have bought the contracts from or sold the contracts to the Clearing House, as the case may be, and the Clearing House shall have all the rights and be subject to all the liabilities of such member with respect to such transaction. Such substitution shall be effective in law for all purposes.

With regard to trades made pursuant to Rules 526, 538 and 853, the Clearing House shall be substituted at the time payment of the first settlement variation and performance bond due for such trades pursuant to Rule 814 is confirmed by the appropriate settlement bank for both members.

805. OPEN POSITIONS

All contracts for the purchase or sale of any product for future delivery shall remain open and in force, and shall continue to be binding upon the original parties until liquidated by offset as provided in Rule 806 or by delivery or failure to perform as provided in Chapter 7.

806. OFFSET PROCESS

When a member buys and sells the same commodity for the same delivery month or a put or call option with the same strike price and expiration month and such contracts are cleared through the Clearing House, the purchases and sales are not automatically offset one against the other. Transactions can only be offset against one another by complying with Rule 811.

807. OPEN LONG POSITIONS DURING DELIVERY MONTH

At such times and in such manner as shall be prescribed by the Manual, clearing members shall submit a complete and accurate record of dates of all open purchases for use in making deliveries. Clearing members shall be fully responsible for inventories submitted to the Clearing House. This rule shall not apply to trading in options contracts.

808. [RESERVED]

¹ Revised December 2008.

809. TRADE DATA PROCESSING SYSTEM

809.A. Trade Data

Every clearing member must submit to the Clearing House trade data for the day's business not later than the time specified by the Clearing House.

809.B. Matched and Unmatched Trades

The Clearing House shall process all trade data submitted by clearing members but shall accept only those trade records (transactions) which are in agreement with the corresponding trade records submitted by the opposite clearing members.

Trade records will be matched, to the extent the opposite trade information is consistent, through the tiered matching process.

Resubmitted trade data will be processed by the Clearing House. Trades with unmatched trade information remaining after the tiered matching process will be rejected and outtrade notices will be issued to clearing members.

Trades unreconciled after the final reconciliation must be submitted on the following business day as "as-of-trades."

809.C. Trade Register and Clearing Reports

From the trade data cleared during each day's reconciliation, the Clearing House will produce a trade register for each clearing member which will itemize by commodity and contract: the opening long and short position, the contracts bought and/or sold during the day, the prices at which executed, and the settlement amounts.

The Clearing House will also produce a recap ledger for each clearing member that will itemize various position and financial information that includes but is not limited to, commodity positions, settlement amounts and performance bond information.

809.D. Reconciliation of Outtrades

It shall be the primary responsibility of the clearing member to see that all trades are cleared prior to the opening of the following day's open outcry market.

Each member, if applicable, and clearing member firm shall designate a person or persons who will be available and responsible for reconciling the member or clearing member firm's outtrades. The person or persons shall be qualified to resolve outtrades as the member or clearing member firm's designated outtrade representative. Failure to have a qualified representative available, with all materials necessary to reconcile outtrades, at the time specified above shall constitute negligence in the determination of responsibility for any outtrades. If one firm cannot locate another firm's broker or representative for clearing purposes during these time periods, it shall report such fact to the President of the Clearing House. If the President of the Clearing House or his designee cannot find the broker or representative of the firm, fines will be assessed in the amounts of \$1,000, \$2,000 or \$3,000 sequentially, for violations occurring within a 30-day period.

810. FALSE ENTRIES ON CLEARING MEMORANDA

No member shall place any false or inaccurate entries on any clearing memoranda, including, with respect to a Participating Clearing Member, the clearing memoranda of a Cross-Margining Clearing Organization.

811. POSITION CHANGE DATA

Position change data must be submitted to the Clearing House each trading day not later than the time specified by the Clearing House. Position change data will be in such form and contain such information as prescribed by the Clearing House. When requested, the identification of accounts will be made available to the Audit Department.

812. [RESERVED]

813. SETTLEMENT PRICE

Unless otherwise specified by Exchange regulation or policy, the daily settlement price for each contract shall be determined by the relevant Pit Committee at the close of open auction trading hours. The settlement price shall be determined by the Pit Committee based on various factors including, but not limited to (a) the prices that traded during the close; (b) the volume traded at particular prices within the closing range; (c) bids and offers made during the close; (d) the prices at which spreads traded during the close; and (e) the settlement price(s) of related contracts. If the proposed settlement price differs

from the midpoint of the closing range for a particular contract, the Pit Committee will document the basis for the deviation from the midpoint. Such documentation must be signed by two members of the Pit Committee.

Notwithstanding the above, in the case of inaccuracy or unavailability of a settlement price from the Exchange, another exchange, market or Marketplace, or if such settlement price would create risk management concerns for the Clearing House, the Clearing House reserves the right to calculate settlement variation using an alternate price determined by the Clearing House.

814. SETTLEMENT VARIATION

When a clearing member is long or short any amount of any futures contract at the end of the trading day, as indicated by its clearing memoranda, settlement shall be made with the Clearing House to the settlement price for that day, and such member shall be liable to pay to, or entitled to collect from, the Clearing House any loss or profit, as the case may be, represented by the difference between the price at which the commodity was bought or sold and the settlement price of the commodity at the end of the trading day. After making such settlement with the Clearing House, such member shall be deemed long or short (or long and short) such commodity, as the case may be, at the settlement price of the trading day. Notwithstanding the foregoing, the Clearing House shall not be required to pay any profit to a Participating Clearing Member in the event that such member or its Cross-Margining Affiliate fails to make any required settlement for that trading day with a Cross-Margining Clearing Organization.

If the market conditions or price fluctuations are such that the Clearing House deems it necessary, it may call upon the clearing members which in its opinion are affected to deposit with the Clearing House by such time as specified by the Clearing House the amount of funds that it estimates will be needed to meet such settlements as may be necessary. The Clearing House may pay out funds to those clearing members that in the opinion of the Clearing House will have credit balances as a result of those same market conditions or price fluctuations, except that in no instance may the Clearing House pay out funds to a clearing member, other than at the regular settlement, in excess of the total original performance bond deposits it holds for such clearing member. All deposits and payments made under this Rule shall be subject to the procedures prescribed by the Clearing House and set forth in the Manual.

Settlement variation, as figured to the market at such times as the Clearing House shall determine, must be paid in cash or any other form of collateral approved by the Clearing House Risk Committee.

815. [RESERVED]

816. SECURITY DEPOSIT

Each clearing member shall make a deposit with the Clearing House as security for its obligations to the Clearing House. The minimum security deposit of a clearing member, shall equal the greater of (a) an amount specified by the Clearing House Risk Committee or (b) the clearing member's proportionate share of the "Aggregate Security Deposit," which shall be an amount determined by the Clearing House Risk Committee. Each clearing member's proportionate share of the Aggregate Security Deposit shall consist of (i) a specified percentage of the Aggregate Security Deposit multiplied by the clearing member's proportionate share (including the total risk performance bond requirement in respect of positions in its cross-margin accounts) of the average aggregate risk performance bond requirement (including the risk performance bond requirement in respect of positions in all cross-margin accounts) for the preceding three months; plus (ii) a specified percentage of the Aggregate Security Deposit multiplied by the clearing member's proportionate share of the total number of contracts executed on the Exchange and any applicable exchange or market during the preceding three months. The percentages in (i) and (ii) above shall be determined and modified by the Clearing House Risk Committee as appropriate. Some contracts may be weighted more heavily than others in order to reflect the greater risk associated with those contracts. The average aggregate risk performance bond requirement, the total number of contracts executed, and each clearing member's proportionate share of each will be calculated by the Clearing House, and a report setting forth such information and the clearing member's required security deposit will be given to the clearing member each quarter, or more frequently as Clearing House staff shall determine. If such report indicates that the clearing member's current security deposit with the Clearing House is smaller than the amount required, the clearing member shall increase its amount within five business days. If such report indicates that the clearing member's current security deposit with the Clearing House is larger than the amount required, the clearing member may withdraw the excess amount.

A clearing member's security deposit may be in a form as set forth in the Manual. Such security deposit forms and amounts shall be subject to the terms and conditions as approved by Clearing House staff.

817. LIQUIDITY FACILITY

Assets deposited by a clearing member in satisfaction of security deposit and performance bond requirements may also be used to directly secure the Exchange's obligations to its lenders under any liquidity facility entered into by the Exchange for the purpose of providing liquidity to the Exchange. By delivering assets to the Exchange in satisfaction of security deposit and performance bond requirements, each clearing member is hereby deemed: (i) to agree that its Assets may directly secure the Exchange's obligations to the Exchange's liquidity lenders and that its Assets may become subject to a lien in favor of the Exchange's liquidity lenders or otherwise guarantee the Exchange's obligations and; (ii) to authorize the Exchange, and appoint the Exchange (such appointment being coupled with an interest) as such clearing member's attorney-in-fact, to enter into agreements on its behalf in connection with its Assets serving as security for the Exchange's obligations to the Exchange's liquidity lenders; and (iii) to acknowledge that the obligations of the Exchange to its liquidity lenders may be greater, and extend for periods of time longer, than the obligations, if any, of such clearing member to the Exchange. The Exchange, as each clearing member's attorney-in-fact, will have authority to enter into agreements on behalf of each clearing member and in each clearing member's name for the purpose of causing the clearing member's Assets to directly secure the Exchange's obligations to the Exchange's liquidity lenders. Any agreement entered into by the Exchange on behalf of clearing members pursuant to this Rule 817 shall bind each clearing member and will contain provisions, including representations, warranties and covenants, required by lenders under any liquidity facility. If there is a default under any such liquidity facility, the Assets of the clearing members pledged to secure such liquidity facility may be foreclosed upon by the Exchange's liquidity lenders and applied against the obligations of the Exchange under the related liquidity facility. The clearing members shall take no action, including but not limited to attempting to obtain a court order, that would interfere with the ability of such liquidity lenders to receive the benefit of their contractual remedies in connection with any such foreclosure or that would controvert or assert the invalidity of any provision of these rules. Each clearing member agrees to sign any document or agreement requested by the Exchange to further document the power of attorney set forth and established by these rules.

818. CLOSE-OUT NETTING¹

818.A. Bankruptcy of the Exchange

If at any time the Exchange: (i) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding up or liquidation, and, in the case of any such proceeding or petition presented against it, such proceeding or petition results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for the Exchange's winding-up or liquidation, or (ii) approves resolutions authorizing any proceeding or petition described in clause (i) above (collectively, a "Bankruptcy Event"), all open positions in the Clearing House shall be closed promptly.

818.B. Default of the Exchange

If at any time the Exchange fails to comply with an undisputed obligation to pay money or deliver property to a Clearing Member that is due and owing in connection with a transaction on the Exchange or cleared by the Exchange, for a period of thirty days from the date that the Exchange receives notice from the Clearing Member of the past due obligation, the Clearing Member's open positions at the Clearing House shall be closed promptly.

818.C. Netting and Offset

At such time as a Clearing Member's positions are closed, the obligations of the Clearing House to a Clearing Member in respect of all of its proprietary positions, accounts, collateral and deposits to the guaranty fund shall be netted against the obligations of that Clearing Member in respect of such proprietary positions, accounts, collateral and obligations to the guaranty fund to the Clearing House and the Exchange. All open positions shall be valued in accordance with the procedures of Paragraph D of this Rule.

818.D. Valuation

As promptly as reasonably practicable, but in any event within thirty days of the Bankruptcy Event or default as described in Paragraph B of this Rule, the Exchange shall fix a U.S. dollar amount (the "Close-out Value") to be paid to or received from the Exchange by each Clearing Member. The Exchange shall exercise its discretion, acting in good faith and in a commercially reasonable manner, in

¹ Adopted November 2008.

adopting methods of valuation to produce reasonably accurate substitutes for the values that would have been obtained from the relevant market if it were operating normally. In determining a Close-out Value, the Exchange may consider any information that it deems relevant. Amounts stated in a currency other than U.S. Dollars shall be converted to U.S. Dollars at the current rate of exchange, as determined by the Exchange. If a Clearing Member has a negative Close-out Value it shall promptly pay that amount to the Exchange.

818.E. Interpretation in Relation to FDICIA

The Exchange intends that certain provisions of this Section be interpreted in relation to certain terms (identified by quotation marks) that are defined in the Federal Deposit Insurance Exchange Improvement Act of 1991 ("FDICIA"), as amended, as follows:

1. The Exchange is a "clearing organization."
2. An obligation of a Clearing Member to make a payment to the Exchange, or of the Exchange to make a payment to a Clearing Member, subject to a netting agreement, is a "covered clearing obligation" and a "covered contractual payment obligation."
3. An entitlement of a Clearing Member to receive a payment from the Exchange, or of the Exchange to receive a payment from a Clearing Member, subject to a netting contract, is a "covered contractual payment entitlement."
4. The Exchange is a "member," and each Clearing Member is a "member."
5. The amount by which the covered contractual payment entitlements of a Clearing Member or the Exchange exceed the covered contractual payment obligations of such Clearing Member or the Exchange after netting under a netting contract is its "net entitlement."
6. The amount by which the covered contractual payment obligations of a Clearing Member or the Exchange exceed the covered contractual payment entitlements of such Clearing Member or the Exchange after netting under a netting contract is its "net obligation."
7. The By-Laws and Rules of the Exchange, including this Section, are a "netting contract."

819. [RESERVED]

820. PERFORMANCE BONDS

Performance bond requirements will be as determined by Clearing House staff from time to time.

Subject to the terms and conditions as approved by Clearing House staff, the Clearing House will accept as performance bond, cash, equity securities, shares of mutual funds, United States Treasury and agency Securities, Letters of Credit, units in CME's Interest Earning Facility Program, shares in CME's Interest Earning Facility 2 Program, permitted investments allowable under CFTC Regulation 1.25, and "readily marketable securities" as defined by Securities and Exchange Commission Rules, as applicable (as used in this Rule 820, such assets and any proceeds thereof are collectively referred to as "Assets"), all of which must be and remain unencumbered. The Clearing House may include other forms of collateral within the definition of "Assets" upon the approval of the Clearing House Risk Committee and notice to clearing members.

All performance bond collateral, as herein described, shall be placed to the credit of the member paying the same for its customers' trades or its own (so-called "house") trades as designated by the clearing member. The Clearing House shall value performance bond collateral as it deems appropriate. The clearing member shall transfer the performance bond collateral to the Clearing House or to an approved depository for safekeeping in a Clearing House account and the Clearing House shall retain control over such performance bond collateral. Neither the Exchange nor the Clearing House shall have any obligation or responsibility to preserve, protect, collect or realize upon, and under no circumstances shall the Exchange or Clearing House be liable for, any loss or diminution in value or depreciation in the performance bond collateral maintained pursuant to this rule. A clearing member who maintains performance bond collateral for its benefit pursuant to this rule shall hold the Exchange and Clearing House harmless from all liability, losses and damages which may result from or arise with respect to the care and sale of such performance bond collateral. All initial and additional performance bonds shall be retained by the Clearing House in whole or in part, as Clearing House staff may deem necessary, until the trades for which such performance bond collateral has been deposited, have been offset, cash settled, delivered or otherwise closed out as determined by Clearing House staff.

Each clearing member shall reimburse the Clearing House for all fees, expenses, charges and costs assessed by a depository against the Clearing House with respect to all performance bond collateral maintained in its account, and shall make deposits as may be required by the Clearing House by reason of any depreciation in the market value of such performance bond collateral. If a clearing member defaults to the Clearing House with respect to performance bonds, the performance bond collateral

maintained in its account pursuant to this rule shall be taken over by the Clearing House and sold without notice and the proceeds of the performance bond collateral deposited for customers' trades shall be applied against the performance bond requirements for the clearing members' customers' accounts, and the proceeds of performance bond collateral deposited for the house trades shall be applied against the requirements for the clearing member's own (so-called "house") account.

821.-823. [RESERVED]

824. ADDITIONAL PERFORMANCE BOND

Whenever, in the opinion of the Clearing House Risk Committee, the President of the Clearing House or, in his absence, his delegate, unstable conditions relating to one or more products exist, they may from time to time, call for additional performance bond collateral from clearing members. Such additional performance bond calls may be as much as or more than the original performance bond collateral. The performance bond collateral thus called for may be for one or more contract(s) from one or more clearing member(s) and on long positions, short positions or both.

In the event market conditions and price fluctuations at any time shall cause the Clearing House Risk Committee or the President of the Clearing House or, in his absence, his delegate, to conclude that additional performance bond collateral is required to maintain an orderly market or to preserve fiscal integrity the Clearing House Risk Committee or the President of the Clearing House or his delegate may call for additional performance bond collateral to be deposited with the Clearing House during the next banking hour after demand therefor, or at such times as may be specified. Such additional performance bond collateral may be called from the longs or the shorts or from both.

When the Clearing House Risk Committee or the President of the Clearing House or, in his absence, his delegate, shall be of the opinion that any clearing member is carrying commitments or incurring risk in its proprietary, customer and/or cross-margin accounts, that are larger than is justified by the financial condition of that clearing member, then the Clearing House Risk Committee, the President of the Clearing House or, in his absence, his delegate, may require additional performance bond collateral of such clearing member which shall be deposited with the Clearing House during the next banking hour after demand therefor, or at such time as may be specified, or a portion of the open positions of said clearing member may be required to be transferred to the books of another clearing member.

825.-826. [RESERVED]

827. SECURITIES LENDING PROGRAM

United States Treasury Bills, Treasury Notes, Treasury Bonds, Treasury Bond Principal Strips, Agency Securities, and other financial instruments approved by Clearing House staff, (collectively, "Securities") that are deposited with the Clearing House by clearing members in satisfaction of Security Deposit requirements or as performance bond for their own (i.e., "house") trades may be loaned out by the Clearing House pursuant to the Securities Lending Program. Clearing members depositing Securities with the Clearing House in satisfaction of security deposit requirements or as performance bond for house trades that are loaned out pursuant to the Securities Lending Program are deemed to agree that the lending of Securities under arrangements having safeguards consistent with generally accepted market practices will constitute reasonable care of the Securities in the possession of the Clearing House or its securities lending custodian.

828.-829. [RESERVED]

830. CROSS-MARGINING

830.A. Definitions

1. Cross-Margining Affiliate: An affiliate of a Participating Clearing Member with which such clearing member is cross-margining its positions at the Clearing House and a Cross-Margining Clearing Organization.
2. Participating Clearing Member: A clearing member that is cross-margining its positions at the Clearing House with its own or a Cross-Margining Affiliate's positions at a Cross-Margining Clearing Organization.
3. Cross-Margining Clearing Organization: A clearing organization that has entered into a Cross-Margining Agreement with the Clearing House.
4. Joint Cross-Margining Program: A cross-margining program in which the Clearing House and one or more Cross-Margining Clearing Organizations each hold a joint security interest in positions, margin and other property of Participating Clearing Members and, if applicable, their Cross-

Margining Affiliates.

5. **Guaranteed Cross-Margining Program:** A cross-margining program in which a guaranty is provided by and between the Clearing House and one or more Cross-Margining Clearing Organizations and each entity holds an individual security interest in positions, margin and other property of Participating Clearing Members and, if applicable, their Cross-Margining Affiliate.

830.B. Cross-Margining Programs

1. The Clearing House may establish cross-margining programs as approved by the Clearing House Risk Committee and the Board. A clearing member may become a Participating Clearing Member to participate in a Joint Cross-Margining Program by establishing with the Clearing House one or more cross-margin accounts for cross-margining positions with either its own positions or those of a cross-margining affiliate at a Cross-Margining Clearing Organization. In order to establish a cross-margin account, a clearing member shall enter into the agreements required by the Clearing House, including a Cross-Margined Account Agreement and Security Agreement with the Clearing House, the Cross-Margining Clearing Organization, and, if applicable, the member's Cross-Margining Affiliate. That Agreement shall provide, among other things, that the Clearing House and the Cross-Margining Clearing Organization shall jointly have a first lien on and security interest in all positions held in the cross-margin account, all related performance bond, and all proceeds of the foregoing, as security for the obligations of the clearing member and, if applicable, its Cross-Margining Affiliate, to the Clearing House and the Cross-Margining Clearing Organization. Failure to comply with the terms of such Agreements may constitute an act detrimental to the interest or welfare of the Exchange.
2. A clearing member may become a Participating Clearing Member in a Guaranteed Cross-Margining Program by entering into a Cross-Margining Participant Agreement with the Clearing House, the Cross-Margining Clearing Organization, and, if applicable, the clearing member's Cross-Margining Affiliate. That Agreement shall provide, among other things, that a Participating Clearing Member shall immediately be obligated to reimburse the Clearing House ("Reimbursement Obligation") in the event the Participating Clearing Member or its Cross-Margining Affiliate defaults in the payment of any obligation to a Cross-Margining Clearing Organization and the Clearing House is required to make a guaranty payment to such Cross-Margining Clearing Organization. In addition, the Agreement shall provide that the Clearing House shall have a first lien and security interest in all positions held, all related performance bond, and all proceeds of the foregoing, as security for the obligations of the clearing member and, if applicable, its Cross-Margining Affiliate, to the Clearing House. Failure to comply with the terms of such Agreement may constitute an act detrimental to the interest or welfare of the Exchange.

The provisions of this Rule 830 and the corresponding sections of the Clearing House Manual shall apply to all CME-cleared positions held pursuant to a cross-margining program and shall supersede all other provisions of the Rules to the extent inconsistent therewith. In addition, the Clearing House shall determine what positions will be eligible for cross-margining.

830.C. [Reserved]

830.D. Performance Bonds for Cross-Margining Program

Performance bond requirements for a Joint and Guaranteed Cross-Margining Program shall be determined as set forth in the Cross-Margining Agreement, and that Agreement shall also govern what forms of performance bond will be permitted and how such performance bond will be held.

830.E. Close-Out of Cross-Margin Positions

A Participating Clearing Member may be suspended if it or its Cross-Margining Affiliate, if any, is in default in payment of any obligation, including a Reimbursement Obligation, with respect to a Joint or Guaranteed Cross-Margining Program.

The cross-margin account of a clearing member participating in a Joint Cross-Margining Program may be liquidated by the Clearing House at the request of a Cross-Margining Clearing Organization whether or not the Exchange or the Clearing House suspends, or is permitted under the Rules to suspend, such clearing member. Upon the suspension of a Participating Clearing Member, or upon receiving notice from a Cross-Margining Clearing Organization of its suspension of a Participating Clearing Member or its Cross-Margining Affiliate, the Clearing House shall have the right to liquidate the positions in the cross-margin account, convert to cash the performance bond therefor, and dispose of the proceeds thereof, all in accordance with the terms of the Cross-Margining Agreement.

The positions of a clearing member participating in a Guaranteed Cross-Margining Program may be liquidated by the Clearing House in the event that the Participating Clearing Member or its Cross-Margining Affiliate defaults in the payment of any obligation to the Clearing House or a Cross-Margining Clearing Organization. Upon the suspension of a Participating Clearing Member, or upon receiving

notice from a Cross-Margining Clearing Organization of its suspension of a Participating Clearing Member or its Cross-Margining Affiliate, the Clearing House may liquidate: the positions of the Participating Clearing Member; all related performance bond; and all proceeds of the foregoing. The Clearing House may then apply all such liquidated proceeds to satisfy the Participating Clearing Member's obligations to the Clearing House, all in accordance with the terms of the Cross-Margining Agreement.

831.-849. [RESERVED]

MISCELLANEOUS

850. EXCHANGE SERVICE FEES

- A. Members and member firms - Each Series B-1 (Full), Series B-2 (Associate), Series B-3 (GIM), Series B-4 (IDEM), or Series B-5 (COM) member (hereinafter referred to as "members"), and member firm shall be obligated to pay, at such times and in such manner as the Exchange may prescribe, fees for transactions executed by open auction and on Globex, as described below and in accordance with the fee schedule adopted by the Exchange, which is incorporated into this Rule by reference. In that fee schedule, the applicable rate specifications shall be per contract/per side, and the applicable volume specifications shall be per calendar month.
1. Open auction fee caps – with respect to open auction trades for a Series B-1 (Full), Series B-2 (Associate), Series B-3 (GIM), Series B-4 (IDEM) or Series B-5 (COM) member's own account, the maximum of fees paid by any such member shall be \$20,000 per year per person who executes the trades. With respect to open auction trades for the proprietary account of a CBOT Clearing Closely Held Corporate Member Firm or a CBOT Equity Closely Held Corporate Member Firm, or an Affiliate of either such firm, as defined by the Exchange, which are initiated and executed by the same member, who is registered with the Exchange as a trader for the account pursuant to procedures established by the Exchange, the maximum of fees paid by any such member firm or Affiliate shall be \$20,000 per year per person who initiates and executes the trades.
 2. Open auction floor broker fee – Open auction trades executed by a member as a floor broker for others shall incur a floor brokerage charge of 2 cents per contract/per side. Provided, however, that this charge shall not apply to trades which are both initiated and executed by the same member for the account of a member, or the proprietary account of a member firm. The maximum of fees paid by any Series B-1 (Full), Series B-2 (Associate), Series B-3 (GIM), Series B-4 (IDEM) or Series B-5 (COM) member pursuant to this subsection shall be \$20,000 per year. When a member executes trades as a floor broker for others and also executes open auction trades for his or her own account, the maximum of fees paid by such member for all such open auction trades collectively shall be \$20,000 per year.
 3. Firm-owned memberships – Notwithstanding sections A.1. and A.2. of this Rule, the fees applicable with respect to memberships which are owned by member firms shall be equivalent, in the following categories, to those which the Exchange prescribes for delegates:
Trades for such member's own account, in cases where the individual is not a principal of the member firm which owns his/her membership. For purposes of this paragraph, an individual shall be deemed a principal of a member firm if he/she holds a majority ownership interest in that firm and/or meets other such criteria as the Exchange may prescribe by regulation; and
Trades executed by such member on behalf of any account other than the proprietary account or a customer account of the member firm owner of the membership, or its Affiliate, as defined by the Exchange.
- B. Non-members - Each member firm handling the funds of non-member customers shall include, in the statements to such customers, fees for the open auction and Globex transactions executed for the accounts of such customers in accordance with the fee schedule adopted by the Exchange. In that fee schedule, the applicable rate specifications shall be per contract/per side, and the applicable volume specifications shall be per calendar month.

All such fees collected from non-member customers shall be remitted by the member or member firm at such times and in such manner as the Exchange may prescribe.

No member firm shall identify on its statements to nonmember customers any charge as an "Exchange Service Fee" unless the amount shown is actually due and payable to the Exchange under this Rule.

- C. Surcharges - Exchange transaction fee surcharges, exchange fees for non-trade transactions, and clearing fees are set forth in the fee schedule adopted by the Exchange, which is incorporated into

this Rule by reference.

- D. Revenue - The Exchange shall have the authority in its discretion to suspend any of the fees specified in this Rule at any time during a fiscal year.
- E. Reports - Each member or member firm subject to the provisions of this Rule shall submit to the Exchange such reports as the Exchange may deem necessary for the administration of this Rule.
- F. Special assessments - This Rule shall not abrogate the right of the Exchange to levy such additional dues, assessments, charges or fees upon the membership as it may deem necessary or advisable.
- G. Definitions for the purpose of implementing this Rule
 - 1. Member's Own Account – The term “member's own account” shall refer only to those commodity futures and/or commodity options trading accounts that are wholly owned by and held in the name of one or more members. For any account held by more than one member, all trades made for such account shall pay transaction fees equal to the highest fee required of any of the individual participants in the account, in accordance with section G.6. of this Rule. An account owned by and held in the name of a non-member spouse or other relative of a member shall not be considered a member's account.
 - 2. Member's Own Account in Trust - A commodity futures and/or commodity options trading account placed in trust shall be deemed a “member's own account” if the following conditions are satisfied:
 - i. the member is the sole settlor of the trust; and
 - ii. the member is one of the trustees of the trust and as such trustee, has sole control over the investment-making decisions of the trust; and
 - iii. the beneficiaries of the trust include only the member, the member's spouse and/or the member's descendants; and
 - iv. the trust declaration expressly incorporates the Rules of the Exchange, as may be amended; and
 - v. the interest in the trust that inures to the beneficiaries of the trust shall be subject to all Rules of the Exchange, as may be amended; and
 - vi. the non-member trustee, if any, expressly agrees in the trust declaration, to be subject to all Rules of the Exchange, as amended; and
 - vii. the member provides to the Exchange's Membership Services Department, a copy of the trust declaration creating the trust, as well as any amendments thereto, along with a letter from an attorney stating that in the attorney's opinion, the trust created is designed to achieve the estate planning objectives of the member.

Upon the member's death or if the member is adjudged incompetent, any commodity futures and/or commodity options trading account placed in trust pursuant to this section G.2. by such member will be treated as a non-member trading account for purposes of implementing this Rule.

- 3. Member Firm's Proprietary Account – The term “proprietary account of a member firm” shall refer only to those commodity futures and/or commodity options trading accounts that are wholly owned by and held in the name of the member firm. For an account to qualify as a member firm proprietary account, any individual who initiates and/or enters trades on behalf of the proprietary account (unless he owns a membership and is entering trades within the scope of his membership privileges) must meet the following requirements:
 - i. may not provide trading capital for the account; and
 - ii. may not have responsibility to provide capital based on trading losses; and
 - iii. for individuals that are not issued a W-2 (or comparable documentation in jurisdictions other than the United States) the firm must have a written agreement detailing the full terms of their compensation agreements; and
 - iv. may not contribute subordinated debt, unless the individual is a partner, member of a limited liability company, or shareholder of the member firm; and
 - v. gross trading profits and losses must be reported in the firm's income statement.

Any account that does not meet the above criteria will be considered a joint account with the individual entering the trades and, therefore, must comply with section G.6. of this Rule.

- 4. Individual Member's Trading Account - For an account to qualify as an individual member's account or a joint account of individual members, where the trades are executed on Globex, any individual who initiates and/or enters trades on behalf of the account (unless he owns a

membership and is entering trades within the scope of his membership privileges) must meet the following requirements:

- i. may not provide trading capital for the account; and
- ii. may not have responsibility to provide capital based on trading losses; and
- iii. the individual member must have a written agreement detailing the full terms of the trader's compensation; and
- iv. the trader may not make a loan to the individual member for the purposes of providing trading capital.

A member that is trading on the floor may designate up to a maximum of two clerks who may execute trades initiated by the member through Globex. Such trades will be eligible for fees at the individual member rate.

Any account that does not meet the above criteria will be considered a joint account with the individual entering the trades, and, therefore, must comply with section G.6. of this Rule.

5. Firm Owner Trading a Proprietary Account - In cases where a non-member owner, non-member member of a limited liability company, or non-member partner of a member firm trades a member firm proprietary account, and where the non-member trader's compensation is tied to the profitability of the specific proprietary account(s), in order for the trades in such proprietary account to receive member fee treatment, the non-member trader must maintain at least \$200,000 in the trading account(s) and the \$200,000 must be available to support the trading activity on the Exchange. If the non-member trader does not maintain the requisite \$200,000, the account will be considered a joint account between the member firm and the non-member trader and therefore, the transaction fees will be determined in accordance with section G.6. of this Rule.
6. Joint Accounts – Any account where profits and/or losses are shared by more than one party (member or non-member), shall pay Exchange transaction fees based on the highest rate applicable to any of the account's participants. In addition, a trading account that is funded by a loan shall be deemed a joint account between the borrower and the lender unless it can be demonstrated that the terms of the loan represent a reasonable interest rate, not affected by the profits and/or losses generated in the account. Further, if the terms of the loan suggest that the loan need not be paid back in the event of losses, the trading account shall be deemed a joint account.
- H. Fees for CBOT Family of Funds Equity Member Firms - CBOT Family of Funds Equity Member Firms, as defined by the Exchange, will be granted the same fee treatment that the proprietary accounts of Equity Member Firms that are CBOT Clearing or Equity FCMs or CBOT Clearing or Equity Corporate Member Firms, as defined by the Exchange, receive where the trade is executed by a non-member for those firms' accounts.
- I. Exchange service fee adjustments - Exchange transaction fee adjustments resulting from the overpayment of such fees must be made through the Exchange Fee Billing System's ("EFB") on-line correction facility. The Exchange will only grant adjustments to member firms for the overpayment of exchange transaction fees for the prior two months from the month the adjustment is made to the EFB on-line correction facility.

The Exchange will only require member firms to make adjustments for the underpayment of exchange transaction fees for a period up to one year back from the end of the audit period selected by the Exchange. Exchange findings of underpayments may not be offset with an adjustment for any overpayments, except as provided above. Interest and/or costs may be assessed in accordance with policies established by the Exchange.

851. TRANSACTION FEE STATUS OF CBOE EXERCISERS

Pursuant to Rules 850 and 106.D.14.(a) through (d), as applicable, and in accordance with the August 7, 2001 Agreement between the Exchange and the Chicago Board Options Exchange ("CBOE"), as modified by the letter agreements, dated October 7, 2004, February 11, 2005 and February 14, 2005, between the Exchange, CBOE and CBOT Holdings, Series B-1 (Full) members and Series B-1 (Full) member delegates who utilize their rights in Series B-1 (Full) membership as a basis to exercise and become a member of the CBOE without purchasing a membership on such exchange (hereinafter referred to as "Exerciser Members") will be subject to the following:

- A. Open Auction Trades – Exerciser Members will be obligated to pay non-member (customer) rates for trades executed on the CBOT Exchange Floor by or on behalf of such Exerciser Member at any time when such Exerciser Member is logged on to the CBOE's electronic trading platform;

B. Globex Trades –

1. If a Series B-1 (Full) member who is an Exerciser Member is physically present on the CBOE trading floor or is logged onto the CBOE's electronic trading platform at the time an order is entered or altered in Globex by or on behalf of such Exerciser Member, then such Exerciser Member will be obligated to pay non-member (customer) rates for trades resulting from the execution of such orders.
2. A series B-1 (Full) member delegate who is an Exerciser Member will be obligated to pay non-member (customer) rates for all trades executed on Globex by or on behalf of such Exerciser Member.

The foregoing obligations will not apply if such Exerciser Member possesses another membership that has not either been delegated or, in the case of another CBOT Series B-1 (Full) membership, used as a basis to exercise and become a member of the CBOE, and that entitles such member to trade in a particular product.

852. FINES FOR ERRORS, DELAYS AND OMISSIONS

Exchange staff shall establish, and from time to time revise, schedules of fines to be imposed upon clearing members for errors, delays and omissions with respect to trade and position data and other required Clearing House memoranda. These fines are to be collected by the Clearing House and are in addition to any disciplinary sanctions that may be imposed by the BCC or CHRC for the violation of Exchange rules within their jurisdiction.

853. TRANSFERS OF TRADES

- A. Subject to the limitations of Rule 854, existing trades may be transferred either on the books of a clearing member or from one clearing member to another clearing member provided:
 1. The transfer merely constitutes a change from one account to another account provided the underlying beneficial ownership in said accounts remains the same; or
 2. An error has been made in the clearing of a trade and the error is discovered and the transfer is completed within two business days after the trade date.
- B. Subject to the limitations of Rule 854, Exchange staff may, upon request by the clearing member(s), approve a transfer of existing trades either on the books of the same clearing member, or from the books of one clearing member to the books of another clearing member if the transfer is in connection with, or as a result of, a merger, asset purchase, consolidation or similar non-recurring transaction between two or more entities where one or more entities become the successor in interest to one or more other entities.
- C. Exchange staff may, with the consent of the clearing member(s) involved, permit the transfer of existing trades if, in staff's opinion, the situation so requires and such transfer is in the best interests of the Exchange.
- D. Provided that the transfer is permitted pursuant to Sections A., B. or C. above, the transactions must be recorded and carried on the books of the receiving firm at the original trade dates. Futures transactions may be transferred using either the original trade price or the most recent settlement price; options transactions may be transferred using either the original trade price or a trade price of zero.
- E. All transfers shall be reported to the Clearing House in a form acceptable to the Exchange for the type of transactions involved. The proper indicator must be included in the transfer such that the transactions, including the transaction(s) to reverse an error, clear as transfers. The clearing members involved shall maintain a full and complete record of all transactions together with all pertinent memoranda.

854. CONCURRENT LONG AND SHORT POSITIONS

Set forth below are the procedures that must be followed for concurrent long and short positions and hold-open accounts.

- A. Concurrent long and short positions in the same commodity and month may be held by a clearing member at the direction of a customer or on behalf of an omnibus account; however it shall be the duty of the clearing member to ascertain whether such positions are intended for offset or to be held open prior to final transmission of position data to the Clearing House.
- B. Concurrent long and short positions in physically delivered contracts that are held by the same owner during the delivery month and two business days prior to the delivery month must be offset by transactions executed in the market, by allowable privately negotiated transactions, or fulfilled

through the normal delivery process, provided however that trades may be transferred for offset if the trade date of the position being transferred is the same as the transfer date. Such positions may not be offset via netting, transfer, or position adjustment except to correct a bona fide clerical or operational error on the day the error is identified and provided that the quantity of the offset does not represent more than one percent of the reported open interest in the affected futures contract month.¹

- C. Clearing members which, pursuant to this rule, carry concurrent long and short positions, must report to the Clearing House both sides as open positions. When either side or both sides are reduced in accordance with Section B. of this rule, the open positions as reported to the Clearing House must be reduced accordingly.
- D. The Exchange takes no position regarding the internal bookkeeping procedures of its clearing members which, for the convenience of a customer, may "hold open" a position only on their books. However, the clearing member must accurately report to the Exchange and the Clearing House, as appropriate, large trader positions, long positions eligible for delivery and open interest.

855. OFFSETTING MINI-SIZED AND FULL-SIZED FUTURES POSITIONS²

- A. DJIASM Futures - With the consent of the account controller, a clearing member may offset and liquidate long futures positions against short futures positions, or short futures positions against long futures positions, held in the same account in the following ratios:

Mini-sized Dow (\$5 Multiplier) to DJIA Index	2:1
Mini-sized Dow (\$5 Multiplier) to DJIA Index (\$25 Multiplier)	5:1
DJIA Index to DJIA Index (\$25 Multiplier)	5:2

The clearing member shall notify the Clearing House of offsetting positions by submitting reports to the Clearing House in such form and manner as the Clearing House shall specify. The positions shall be offset at the previous day's settlement price.

The positions being offset shall be transferred to a Clearing House holding account. Long and short positions in the same contract and contract month held in the holding account shall be netted, thus reducing the number of open positions in such contract.

- B. Physically delivered futures contracts - With the consent of the account controller, a clearing member may request to offset and liquidate long mini-sized futures positions against short full-sized futures positions, or short mini-sized futures positions against long full-sized futures positions, held in the same account in the following ratios of mini-sized to full-sized futures contracts:

Mini-sized (1000 bu.) Corn to Full-sized (5000 bu.) Corn	5:1
Mini-sized (1000 bu.) Soybean to Full-sized (5000 bu.) Soybean	5:1
Mini-sized (1000 bu.) Wheat to Full-sized (5000 bu.) Wheat	5:1

The clearing member shall notify the Clearing House of its request to offset positions by submitting reports to the Clearing House in such form and manner as the Clearing House shall specify. If accepted, the positions being offset shall be transferred to a holding account at the Clearing House. The Clearing House shall accept such request or fraction of such request upon receiving an opposite offset request from another clearing member. Such requests shall be processed in the order of oldest request date first.

No such offset request shall be accepted during the last two trading days.
