Take advantage of reduced fees on certain E-mini equity index options spread transactions. Retroactive to May 1, 2008, CME Group has waived CME Globex fees on the following E-mini equity index options contracts traded as part of a spread:

ELIGIBLE CONTRACTS (Must Be Traded As Part of a Spread)

American-Style

- E-mini S&P 500 options
- E-mini NASDAQ-100 options
- E-mini S&P MidCap 400 options

European-Style

- End-of-month (EOM) E-mini S&P 500 options

This waiver is available to all market participants, including members, non-members and special program participants.

NOTE: These fee reductions apply only to spread-traded E-mini equity index options – they do not apply to outright trades.
