

# CORPORATE CITIZENSHIP REPORT

2016

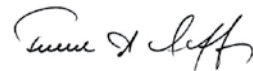

CME Group makes a difference in global financial markets every day. This commitment extends to making a strong investment in the communities where we live and work. We are pleased to share our 2016 Corporate Citizenship Report, which highlights the impact of our corporate philanthropy, community outreach and sustainability initiatives.

CME Group contributed more than \$8 million in 2016 through our charitable programs and foundations, and raised nearly \$400,000 from our exchange community for our annual campaign to fight men's and women's cancers. Our Amicus community outreach program empowered our employees to volunteer 3,000 hours of service across our offices in Chicago, New York, London, Belfast, Bangalore and Singapore.

Giving back to our local communities through our focus on education, health and human services, and children in need is a responsibility we take very seriously. We are proud to be a company dedicating our time and resources to creating positive and lasting change.

Sincerely,

**TERRENCE A. DUFFY**
