(CME Group Inc. Asia-Pacific Incentive Program Firm)

The trades of a CME Group Inc. Asia-Pacific Incentive Program (“AIP”) firm may receive preferential fee rates – less than charged to non-member customers. Only the entity maintaining AIP status is entitled to the preferential fees on its AIP firm trades. The reduced fee benefit does not flow downward to 100% owned subsidiaries or to affiliates of the AIP firm.

In order for AIP firms to receive preferential fees on CME, CBOT and NYMEX trades, all trading activity must be conducted in accordance with the Questions & Answers Guide for AIPs and must be in accordance with CME Group Inc.’s Fee Policy Bulletins which can be found on CME Group Inc.’s website at <http://www.cmegroup.com/tools-information/fee-policy-bulletins.html>.

Requirements (Absolutes)

An AIP firm trading account is evidenced through:

- The financial benefit and risk shall be solely of the AIP firm – only firm capital is at risk of loss.
- No non-owner traders may make any contributions or payments to the AIP firm or AIP firm trading account nor have any capital at risk in connection with their trading of the AIP firm account.
- All contributions by owners of the AIP firm are subject to risk of loss from any and all trading and business activities of the firm.
- All profits and losses of the AIP firm account are written off to the income of the AIP firm and are taxed to the AIP firm in accordance with applicable regulations.
- All trading must be done in AIP firm trading accounts held in the name of the AIP.

Further, AIP trading activity must be conducted by traders that are:

- Bona-fide employees of the AIP; or
- Independent contractors of the AIP; or
- Bona-fide owners of the AIP; or
- Registered Commodity Trading Advisors (“CTAs”), exempt CTAs under CFTC Regulations 4.14(a)(4), 4.14(a)(5), 4.14(a)(8)(i)(D) or 4.14(a)(10), and Investment Managers authorized by the Financial Services Authority (“FSA”).

All AIP traders must be assigned unique trader IDs, those IDs and the associated AIP trader must be appropriately registered in CME Group Inc.’s Exchange Fee System and all Globex trades (orders) must be identified with the registered ID of the trader executing the trade.

 - For AIP firm trading conducted by a team of traders, the profit split to the team in total may not exceed 80/20 (i.e. 80% to the trader team/20% to the firm).
 - Further the 80% limit on profit splits to a trader or team of traders includes any individual who has a specific interest in its profitability including those involved in the training/supervision of the account(s) and/or trader(s).
- Non-owner traders cannot leave their share of profits in the firm for greater than one year without becoming an equity owner.
 - Non-owner trader's share of capital in an account may not exceed the trader's share of net profit/loss in the previous 12 month period.

Best Practices

CME Group Inc. recognizes that certain business practices may be utilized when conducting customer business as well as AIP firm trading activities. The Best Practices were established to allow firms to utilize certain business practices (most not allowed in the past) which are generally prohibited. In order to do so, the AIP firm must clearly demonstrate to CME Group Inc. their application of these non-compliant practices is not inconsistent with CME Group Inc.'s goal of providing preferential fees only for AIP firm trading activity. Such practices will be reviewed individually and in the aggregate in relation to the firm's entire trading activities and operation.

Review of such non-compliant practices will reflect the following key principles of CME Group Inc.'s AIP firm trading policies. First and foremost, the trading activity eligible for preferential fees must be conducted for the account and sole benefit of the AIP firm itself. The trading activity of individual customers/traders conducted in the name of the firm is not eligible for discounted AIP firm fees to prevent the "selling" of AIP firm rates. Further, an AIP firm may only profit/benefit from the AIP firm trading activity through the performance of the trade and not from any other source such as a commission or charge for trade execution.

Non-compliance with the Best Practices below is generally prohibited as it is indicative of the selling of rates and/or profiting from sources other than the performance of the AIP firm trade. As such, while the Best Practices are not absolutes as the Requirements are, any non-compliance of the Best Practices will be carefully reviewed with the burden of responsibility on the AIP to clearly support and demonstrate to CME Group Inc.'s satisfaction that the trading is

of the AIP itself. Under limited circumstances in reviewing the totality of the AIP's trading operations and the violative practice(s), CME Group Inc. may deem the AIP's trading activities in accordance with CME Group Inc.'s policies for AIP trading activity that is eligible for AIP fees. **Please check the box next to each practice which you do not comply with regarding your AIP firm trading:**

The firm may not charge interest on debit balances to traders nor may it pay interest on credit balances to traders except where an options trading strategy is utilized in which interest on the premium is a key component of the overall profitability of the strategy.

The firm may not pay interest on holdbacks where holdbacks are permitted.

The firm may not pay interest on capital contributions.

The firm may not allocate expenses to trades or traders in excess of actual direct and indirect expenses of the individual AIP firm trades or traders. Only actual expenses incurred may be allocated – a mark up on expenses is not permitted. Further, opportunity costs may not be allocated. AIPs must maintain and provide adequate supporting calculations and documentation of such allocated expenses and their reasonableness.

A firm may not charge a fee for capital usage to individual traders of the firm's accounts.

A firm may not charge a fee for the cost of capitalizing the firm (and thus the firm's trading accounts) to individual traders.

Individual owners and investing LLCs (as permitted) of an AIP may not have a specific interest in the profitability of an AIP account or group of accounts other than an AIP account that the individual owners or owners of the investing LLC trade or provide direct supervision/training to.

I represent that all current and future AIP firm trading activity of my organization, an AIP firm, receiving preferential clearing fee rates will conform to the requirements for such trading activity established by CME Group Inc.

I attest that the above information is true and correct. I further acknowledge that confirming incorrect information may subject me to CME Group Inc. disciplinary action and/or penalties.

Signed and accepted by a duly authorized representative of my organization.
