Consultation on the Clearing Procedures

1. CME Clearing Europe Limited ("CMECE") is consulting on proposed Cocoa Delivery Procedures, to be inserted into the Clearing Procedures.

2. The changes are in relation to CMECE’s proposal to clear a physically settled Cocoa Futures contract, traded on CME Europe Limited. The contract is subject to non-objection by the regulatory authorities.

3. We would welcome comments from Clearing Members. Responses should be sent to compliance@cmeclearingeurope.com by 19 September 2014.
