In the event of any inconsistency between the Contract Module and the Clearing House FX Delivery Procedures, the Clearing House FX Delivery Procedures shall prevail.
Chapter A02
General Transaction Terms

A02.1 Terms of Transactions and Contracts
A02.1.1 Each Transaction executed on the Exchange in relation to a Product covered by this Contract Module and any Back-off Transaction shall satisfy the terms of the relevant Contract Specification as set out in this Contract Module. Once novated to the Clearing House in accordance with the Exchange Rules and the Clearing House Rules, the Contract formed in place of such Transaction shall include such terms. Bids and Offers made in respect of a Product shall be made to satisfy the terms of the relevant Contract Specification.

A02.2 Economic Terms
A02.2.1 Each Transaction executed on the Exchange and the resulting Contract and Back-off Transaction shall also include the following economic terms:

(a) identity of each Clearing Member which is party;

(b) the Product which is the subject of the Transaction;

(c) Contract Size;

(d) Transaction Size;

(e) Contract Month;

(f) Transaction Price;

(g) Termination date of the termination of trading date;

(h) settlement or delivery date (where applicable);

(i) exercise date (where applicable);

(j) exercise style (American, European or other); and

(k) exercise price (where applicable).

A02.2.2 The Member may be required to provide additional information about the economic terms of the Transaction to the Exchange or the Clearing House.

A02.3 General Terms
A02.3.1 In addition, the following general terms shall be deemed to be included in, or apply to, each Contract Specification:

(a) No Transaction or Contract or Back-off Transaction shall be required to be in writing (including electronic) nor any document be required to be signed, delivered or executed or other entry made in any record or book in order for it to become binding on the parties. Notwithstanding the foregoing, if at any time the Exchange or the Clearing House considers it is necessary or desirable to better implement or protect the rights and obligations of any party to a Contract, the Clearing Member shall, at its own expense, use all reasonable endeavours to enter into and execute all documents reasonably required to so implement or protect. In such circumstances, each party shall also procure that any necessary third party including a Non-Clearing Member or a Customer shall promptly execute and deliver such documents and perform such acts as may reasonably be required for the purpose of giving full effect to any Transaction or Contract or Back-off Transaction.
(b) The Exchange may amend any Contract Specification, after consultation with the Clearing House, at any time in accordance with Exchange Rule 2.3.5 and any such amendments may apply to Transactions and resulting Contracts and Back-off Transactions entered into from the date on which such amendments take effect. The Clearing House may amend any Contract as provided in the Clearing House Rules.

(c) The Exchange may, in its absolute discretion, take such action in relation to the Transactions and Back-off Transactions as it considers necessary in order to protect the integrity of the Exchange. The Clearing House may, by giving reasonable notice to the Exchange, take such action in relation to Contracts as provided in the Clearing House Rules, as it considers necessary to protect the integrity of the Clearing House.

(d) Each of the terms in each Contract Specification is severable and distinct from the others. It is intended that every such term shall be and remain valid and enforceable to the fullest extent permitted by law. If any term is or at any time becomes to any extent invalid, illegal or unenforceable for any reason, it shall to that extent be deemed not to form part of the Contract Specification or the resulting Transaction or Contract but the validity, legality and enforceability of the remaining terms in the Contract Specification or the resulting Transaction or Contract shall not be thereby affected or impaired.

(e) No waiver of any term of a Transaction, Contract or Back-off Transaction shall be effective unless the same shall be given by the Exchange (in relation to a Transaction or Back-off Transaction) or the Clearing House (in relation to a Contract) in writing, and then such waiver shall be effective only in the specific instance, for the purpose for which the same is given, and such waiver shall not operate as a waiver of any future application of such term or part thereof. The waiver of any right, and the failure to exercise any right or to insist on the strict performance of any term of the Transaction, or Contract or Back-off Transaction, shall not operate as a waiver of, or preclude any further or other exercise or enforcement of that or any other right.

(f) No person who is not a party to the Transaction or Back-off Transaction shall have any rights pursuant to the Contracts (Rights of Third Parties) Act 1999 to enforce any provision of a Transaction or Back-off Transaction save that the Exchange shall have such rights as are set out in the Exchange Rules.

(g) No person who is not a party to the Contract shall have any rights pursuant to the Contracts (Rights of Third Parties) Act 1999 to enforce any provision of the Contract.

(h) Each Transaction, Contract and Back-off Transaction shall be governed by and construed in accordance with the laws of England and Wales.

A02.4 Disclaimer

A02.4.1 The following disclaimer shall apply in respect of each Contract Specification in this Contract Module save that, in the event of any inconsistency between the following disclaimer and any disclaimer set out in such a Contract Specification, the latter shall take precedence:

“CME Europe Limited does not guarantee the accuracy and/or completeness of any index referred to, or data included in or used in connection with, the Contract Specification. If any national or international government agency or body issues an order, ruling, directive or law that conflicts with the requirements of this Contract Module, such order, ruling, directive or law shall be construed to take precedence and become part of this Contract Module and all open and new Transactions shall be subject to such government orders.

A02.10.2 If a determination is made by the Clearing House in accordance with the Clearing House Rules that delivery or final settlement of any Contract cannot be completed due to a Force Majeure Event or other emergency, the Clearing House shall take such action as it deems necessary under the circumstances and its decision shall be binding upon all parties to the Contract.
A02.10.3 It shall be the duty of Members to notify the Exchange of any circumstances wherein a delivery or acceptance or any precondition or requirement thereof is prevented by a Force Majeure Event.
