

# CQG Solutions

Best-of-Class Platforms for the Professional Trader.

For thirty years, CQG, Inc. has been the industry leader for fast, accurate, and reliable market data and unrivaled graphical analysis.

## CQG Integrated Client

CQG Integrated Client (CQG IC) accesses global market data and includes innovative trading tools for electronic trading and order management. CQG IC has earned a solid reputation through decades of reliable performance, providing traders industry-leading charting and analytics, quote displays, and exclusive tools designed for electronically-traded markets. Since 1980, CQG has provided worldwide market coverage for futures, options, fixed income, foreign exchange, equities, news, OTC, proprietary data, indices, and reports. Traders can take advantage of CQG's high-speed network of distributed exchange gateways and partnerships with over fifty FCMs. Electronic trading connectivity is available to more than forty exchanges.

## CQG Trader

CQG Trader is a professional electronic trading front end, offering the same high-performance market data and electronic trading as our flagship product, CQG Integrated Client, without the charting and analytics. The front end supports multiple languages (available in Chinese, Japanese, and Russian) and white labeling. CQG Trader has the speed and reliability of CQG IC in a quote and trading platform. CQG Trader provides DOMTrader®, Quote Board, and Orders and Positions view. Many of CQG's FCM partners offer CQG Trader as their order entry and account management front end. CQG Trader is available through our FCM partners.
