SUBJECT: UPDATE: Credit Event Advisory – CME Clearing Credit Event

Processing for iHeart Communications, Inc.

UPDATE – Please note that we've updated the advisory below to include reference to HY17, which we did not reference in our original advisory notice. All updates are highlighted.

The ISDA Determinations Committee has announced that an auction will be held in respect of iHeart Communications, Inc on Thursday, February 2, 2017.

The Credit Event Final Processing Date for this credit event will be held on the next valid business day following the Auction Final Price Determination Date ("Auction Date"). This means, if the auction is **successful** on Thursday, February 2, 2017, the Credit Event Final Processing Day will be held on Friday, February 3, 2017.

Credit Event Final Processing Date – the date, on or shortly after the Auction Final Price Determination Date, on which the final cash compensation and coupon amounts are calculated and the open interest is moved to the new version of the affected indices.

The last day of trading for the current version of the affected indices will be on the Auction Final Price Determination Date, Thursday, February 2, 2017. The first day of trading for the new version of the affected indices will be on the Credit Event Final Processing Date, Friday, February 3, 2017.

The Auction Settlement Date will be Monday, February 6, 2017.

Please note that since HY17 has matured, CME Clearing will not reversion this index. We will simply process and settle cash compensation amounts. Because the EDD fell on the same day as contract maturity, there will be no coupon rebate to process on this series. The compensation amount will be based strictly upon the final auction price.

Auction Settlement Date – the date on which the final cash compensation is settled. CME Clearing settles the final cash compensation amount two business days after the Auction Final Price Determination Date.

Additional advisory notices will be published detailing the Credit Event Processing in New Release and Auction results.
