Subject: Transfers of Guarantor Relationships for MF Global Clients

CME Group has received a number of inquiries from local traders who previously used MF Global as a guarantor and now are seeking new guarantor relationships.

If you have identified a new guarantor, we would like to advise you that CME Group will work to facilitate expediting processing for you. Local floor traders who are interested in processing these changes on an expedited basis should contact Bob Krewer in CME Group Membership at 312.435.3473.

As a reminder, CME Clearing will process any transfers at the last settlement price at the request of customers. Such positions will need to be re-margined at the transferee firm. Customers wishing to execute a liquidating trade should contact MF Global.
