### **Administrative Amendments to the Position Limit, Position Accountability and Reportable Level Table in Chapter 5 of the NYMEX Rulebook for Two (2) Natural Gas Futures Contracts**

---

The administrative amendments to NYMEX Chapter 5, Position Limit, Position Accountability and Reportable Level Table correct a typographical error in the expiration month limit for the Florida Gas, Zone 2 Natural Gas Swing Swap (Platts Gas Daily) futures contract (Chapter 463, Contract X5), and the expiration month limit for the Florida Gas, Zone 2 Natural Gas Index Swap (Platts Gas Daily/Platts IFERC futures contract (Chapter 441, Contract C3), which is an existing related contract that aggregates into the Contract X5. The expiration limit for Contract X5 should be 50, rather than 100. The expiration limit for Contract C3 should be 50/150, rather than 100/150. These changes will be made effective immediately.

Contract related questions can be directed to Glenn Hofferber, Associate Director, Market Surveillance, at 212.299.2884, and Ryne Toscano, Lead Market Surveillance Analyst, at 212.299.2879.
