CME to List Additional E-mini S&P 500, E-mini NASDAQ 100, NASDAQ 100, S&P SmallCap 600, E-mini S&P MidCap 400, S&P MidCap 400, E-mini Russell 1000, Russell 2000 and E-mini Russell 2000 Index Futures Contracts

Currently, these index futures have different numbers of quarterly contract months listed for trading, ranging from two to four. To simplify the listing procedure, CME will list for trading five (5) consecutive quarterly months on these index futures, effective on the trade date of Monday, June 25, 2007. The following contract months will be traded under this amendment: September 2007, December 2007, March 2008, June 2008 and September 2008 for all these index futures contracts.
