EARLY LISTING OF MARCH 2010 SOYBEAN, MINI-SIZED SOYBEAN, SOYBEAN OIL AND SOYBEAN MEAL FUTURES

Due to customer demand, the March 2010 Soybean, mini-sized Soybean, Soybean Oil, and Soybean Meal futures contracts will be listed early for trading on June 19, 2008. These futures contracts ordinarily would be authorized for trading as of September 15, 2008 in Soybean and mini-sized Soybean contracts and as of October 15, 2008 in Soybean Oil and Soybean Meal contracts.

This is a one-time change rather than a permanent revision in the Exchange's listing cycle.
