EARLY LISTING OF CME GROUP SEPTEMBER 2010 CORN AND MINI-CORN FUTURES MONTH

Due to customer demand, the September 2010 Corn and Mini-Corn futures contracts will be listed early for trading on November 17, 2008. Ordinarily the September 2010 futures month would have been authorized for trading on March 16, 2009.

This is a one-time change rather than a permanent revision in the Exchange's listing cycle.
