

## THE CME GROUP EXPERIENCE

# The Fast Track to Futures Trading

## CME GROUP EXPERIENCE ROOM – 5<sup>TH</sup> FLOOR, JULLIARD COMPLEX

CME Group educational offerings at the New York Traders Expo provide traders with a complete program of learning opportunities, from our **Fast Track to Futures Trading** to **Live Trading**. In just over three days our workshops will provide all of the necessary building blocks you need to start trading futures. Topics include basic concepts to market opportunities, insight into how professionals trade futures and options on futures and how you can build your own futures trading and strategy plan.

**On Saturday**, our intensive **Fast Track to Futures Trading** workshop is specifically designed to jump-start your futures learning process. Join industry professionals as they lay the foundation for your trading. Saturday attendees will receive a complimentary trading kit to use throughout the Expo. Afterwards, network with speakers and firm representatives before heading to the Grand Opening of the Traders Expo Exhibit Hall.

**On Sunday**, join us again as our presenters tell you how they trade the futures markets. What are the latest trends and trading strategies in the Equity Index, Commodity, and Forex markets?

**On Monday**, we'll go back to school to discuss the practical side of futures trading. What is the best way to put together a trading plan? What type of information should go in a trading journal? Now that you have actually entered into a futures position, how do you manage your trader – and your emotions?

**On Tuesday**, we put it all together in Live Trading. See multiple traders put real money on the line trading a variety of CME Group markets. For a pre-trade warm-up we'll interview traders about what they'll be looking for once they're "in the game."

---

**Make plans to visit the CME Group Experience Room in the Julliard Complex on the Fifth Floor of the Marriott Marquis.**
