

Advisory Notice

Clearing House

10-514

TO: Clearing Member Firms

FROM: CME Clearing

SUBJECT: **CME Position Migration Effective Saturday, January 22, 2011**

DATE: December 22nd, 2010

Please be reminded that the migration of CME positions to the new Positions system will be implemented in Production on **Saturday, January 22, 2011**.

The Positions system is now available for firm testing in the New Release environment for all exchanges. To access the New Release environment, please login to the Portal Testing site <http://connectcert.cme.com>, and select the Positions New Release application. Please call the Firm Support Group at (312) 930-3444 or email firmsupport@cmegroup.com with any access issues. After logging in to the Positions UI, change the Product exchange to CME and click on Search.

Firms have the ability to test the following scenarios in New Release Positions:

- Review New Release CME positions
- Enter CME position adjustments
- Exercise CME options
- Enter CME PCS values in the Positions UI
- Submit CME PCS files
- Regression testing for all other exchanges
- Verify New Release FIXML trade registers as well as print reports

Please note Positions data in New Release is generated testing and will not mirror production. To view the updated TESTING list of reports in Document Direct, please log into Document Direct and view the NRPOS591ME, NRPOS593ME.....etc.

User Access Verification in Production:

We recommend that users login to the new Positions system on **Monday, January 24, 2011** to confirm your firms' start of day positions are matching your end Friday end of day positions. The Positions system is available through the Portal <http://connect.cme.com> and is currently being utilized for NYMEX, COMEX, DME and CBOT positions.

To verify firm user access to CME positions, please check for "CME" in the Exchange drop down menu in Production Positions. If "CME" is absent from the selection in the drop down please contact Firm Support at 312-930-3444 or email firmsupport@cmegroup.com to request access.

CME Position Transition in Production, Saturday, January 22, 2011:

On **Saturday, January 22, 2011** Clearing will migrate all CME open interest from the old Clearing 21 Positions system to the new Positions system. Firm users will have the option to view their migrated positions on Saturday morning between 9:00 AM 12:00 noon CST.

In order to view the positions, login to the portal at <http://connect.cme.com> and then login to the new Positions System and select "**EOD 01/21/2011**" from the Cycle drop down in the user interface. Users will be able to perform Excel downloads of data to confirm all open positions. Please do not make position adjustments, E&A.....etc. in positions since those adjustments **will not** be reflected in clearing on Monday

On **Monday, January 24, 2011** all position adjustments, option instructions and manual PCS changes will be submitted to the new Positions system for CME contracts. All CME data will be contained in the "POS" series of reports. The CPM series of the reports will no longer be available for CME exchange after Friday, January 21, 2011.

Following is a list of the applicable reports for CME:

- POS500 - COMMODITY POSITION ADJUSTMENT BY FIRM
- POS520E - EOD GROSS POSITION CHANGE (PC) LISTING
- POS520I - ITD GROSS POSITION CHANGE (PC) LISTING
