FOEX Indexes Ltd. is a private, Finland-based independent company that specializes in providing audited, trademark-registered pulp and paper price indexes. FOEX indexes are widely used in the global forest products industry as benchmarks for cash market transactions and over-the-counter (OTC) trading. The PIX BHKP Europe Index represents the benchmark price for bleached hardwood kraft pulp (BHKP) in the European region.

Cash-settled Softwood and Hardwood Pulp futures and options are cleared through CME Clearing. As the counterparty to every trade, CME Clearing settles accounts, clears trades, collects and maintains performance bonds, regulates delivery and reports data.

CME Clearing provides world-class risk management of the credit, operational and legal risks that customers face in OTC trading.
