

# CME Direct Market Data Licensing and Company Mapping

Your Name:

Your CME Group Login ID:

Company Name:

Do you have more than one company registered in CME Direct?    Yes    No

*If yes, please include this information in the chart below. List all associated companies and indicate which are Affiliates.*

If you have more than one CME Direct company, it is recommended to group companies together for licensing and billing. Once mapped ID's across associated companies will only be charged once. To group companies under one license, all companies must be associated entities to your Master Licensed Entity.

Your company will need to determine the Master Licensed Entity, which is the entity who will hold a licensing agreement with CME Group for CME Direct and any companies, including affiliates, who will be a party to this license.

An affiliate is defined as an entity that controls, is controlled by or is under common control with a party. Control means the ownership or control, directly or indirectly, of at least fifty percent (50%) or more of all of the voting shares (or other securities or rights) entitled to vote for the election of directors or other governing authority.

Additionally, your company will be able to consolidate CME Direct market data fees with any other CME Group market data billing, billed by CME Group, including historical data, derived data, intraday and real-time data.

Please complete the following section to let us know which company(ies) should be your master licensed entity(ies) and which company(ies) should be associated to this master licensed entity(ies).

Master Licensed Entity (MLE)	Associated Company(ies)	Is Associated Company an Affiliate?	
<i>(example: Company ABC)</i>	<i>(example: Company ABC Energies Desk, Company ABC New York Desk)</i>	Yes
