

Mass Quotes - Processing Rules

Only designated customers are permitted by their iLink 2.X session ID to submit [Mass Quote messages](#) for designated products at the Instrument Group level (i.e., E-mini S&P outright options). Mass Quote messages from other market participants are rejected.

Client systems cannot submit quotes for futures via this options path.

Mass Quote messages are accepted only during the *Continuous Trading* market state. All resting quotes are cancelled during post-session processing.

Mass Quotes Processing Rules contain the following topics:

- [Mass Quotes - Parameter Restrictions](#)
- [Mass Quotes - Modification Restrictions](#)
