

# EBS Market Integration onto CME Globex

Subject to applicable regulatory approvals, CME Group will integrate EBS Market's Central Limit Order Book and eFix Matching Service onto CME Globex.

- The [EBS Market on CME Globex Launch Schedule](#) includes details on New Release and Production milestones.

In Q1 2021, core EBS Market and eFix Matching features and APIs were made available for client testing in the [CME Globex New Release environment](#). Technical specification for these features and APIs are now available.

 These specifications cover all topics required for client systems' functional certifications. Additional topics will be added to the specifications monthly, announced in the EBS Integration Notices and tracked in the [Revision History](#).
