Chapter 11A
Options on Soybean Futures

11A00. SCOPE OF CHAPTER
This chapter is limited in application to put and call options on Soybean futures contracts. In addition to the rules of this chapter, transactions in options on Soybean futures shall be subject to the general rules of the Exchange insofar as applicable.
For purposes of this chapter, unless otherwise specified, times referred to herein shall refer to and indicate Chicago time.

11A01. OPTIONS CHARACTERISTICS
11A01.A. Contract Months
Trading may be conducted in the nearby Soybean futures options contract month and any succeeding months, provided however, that the Exchange may determine not to list a contract month. For options that are traded in months in which Soybean futures are not traded, the underlying futures contract is the next futures contract that is nearest to the expiration of the option. For example, the underlying futures contract for the February option contract is the March futures contract. For Short Dated Options on New Crop futures, the underlying futures contract is the November futures contract that is nearest to the expiration of the option.

11A01.B. Trading Unit
One 5,000 bushel Soybean futures contract of a specified contract month.

11A01.C. Minimum Fluctuations
The premium for Soybean futures options shall be in multiples of one-eighth (1/8) of one cent per bushel of a 5,000 bushel Soybean futures contract which shall equal $6.25 per contract. However, a position may be initiated or liquidated in Soybean futures options at a premium ranging from $1.00 to $6.00, in $1.00 increments per option contract.

11A01.D. Trading Hours
The hours of trading for options on Soybean futures contracts shall be determined by the Exchange. Soybean futures options shall be opened and closed for all months and strike prices simultaneously.

11A01.E. Exercise and Exercise Prices
Transactions and exercise of options shall be conducted for option contracts as set forth in the Strike Price Listing and Exercise Procedures Table.

11A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels
The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.
A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.
Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits.

expiration (subject to Rule 11A02.A.), to assume a long position of one Soybean futures contract of a specified contract month at a striking price set at the time the option was purchased. The seller of one Soybean futures call option incurs the obligation of assuming a short position in one Soybean futures contract of a specified contract month at a striking price set at the time the option was sold, upon exercise by a call option buyer.

11A01.I. Termination of Trading

11A01.I.1. Standard and Serial Options

The last day of trading in any standard or serial option for expiry in a given month shall be the last Friday which precedes by at least two business days the last business day of the calendar month preceding such option’s named expiry month. If such Friday is not a business day, then the last day of trading in such option shall be the business day prior to such Friday.

On their last day of trading, expiring standard or serial options shall cease trading at the close of the electronic session for the corresponding Soybean futures contract, subject to the provisions of Rule 11A01.D.

11A01.I.2. Weekly Options

Any weekly option shall be designated to expire on a given Friday, provided however that no weekly option shall be designated to expire on any Friday that is also the last day of trading in a standard or serial option (Rule 11A01.I.1.). Trading in any weekly option shall terminate on the Friday on which such option is designated to expire. If such Friday is not a business day, then trading in weekly options designated for expiration on such Friday shall terminate on the business day prior to such Friday.

On their last day of trading, expiring weekly options shall cease trading at the close of the electronic trading session for the corresponding Soybean futures contract, subject to the provisions of Rule 11A01.D.

11A01.I.3. Short Dated Options on new Crop Futures

The last day of trading in any short dated option on new crop futures for expiry in a given month shall be the last Friday which precedes by at least two business days the last business day of the calendar month preceding such option’s named expiry month. If such Friday is not a business day, then the last day of trading in such option shall be the business day prior to such Friday.

On their last day of trading, short dated options on new crop futures shall cease trading at the close of the electronic trading session for the corresponding Soybean futures contract, subject to the provisions of Rule 11A01.D.

11A01.I.4. New Crop Soybean Weekly Options

Any New Crop Soybean Weekly option shall be designated to expire on a given Friday, provided however that no New Crop Soybean Weekly option shall be designated to expire on any Friday that is also the last day of trading in a standard Short Dated Option on New Crop Futures option (Rule 11A01.I.3.). Trading in any New Crop Soybean Weekly option shall terminate on the Friday on which such option is designated to expire. If such Friday is not a business day, then trading in New Crop Soybean Weekly options designated for expiration on such Friday shall terminate on the business day prior to such Friday. On their last day of trading, expiring weekly options shall cease trading at the close of the electronic trading session for the corresponding Soybean futures contract, subject to the provisions of Rule 11A01.D.

11A01.I.5. Trading in Underlying Futures

In the event that the underlying futures market does not open on a day scheduled for option expiration, such option expiration shall occur on the next day on which the underlying futures market opens for trading.

11A01.J. Contract Modification

Specifications shall be fixed as of the first day of trading of a contract except that all options must conform to government regulations in force at the time of exercise. If the U.S. government, an agency, or duly constituted body thereof issues an order, ruling, directive, or law inconsistent with these rules, such order, ruling, directive, or law shall be construed to become part of the rules and all open and new options contracts shall be subject to such government orders.
11A02. ASSIGNMENT
In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise and assignment of Soybean Options.

Exercise notices accepted by the Clearing House shall be assigned through a process of random selection to clearing members’ open short positions in the same series. A clearing member to which an exercise notice is assigned shall be notified thereof as soon as practicable after such notice is assigned by the Clearing House.

The clearing member assigned an exercise notice shall be assigned a short position in the underlying futures contract if a call is exercised or a long position if a put is exercised. The clearing member representing the option buyer shall be assigned a long position in the underlying futures contract if a call is exercised and a short position if a put is exercised.

All such futures positions shall be assigned at a price equal to the exercise price of the option and shall be marked to market in accordance with Rule 814. on the trading day of acceptance by the Clearing House of the Exercise Notice.
