204E01.G. Last Trading Day

The last trading day is the same as the final settlement day (as described in Rule 204E04).

204E01.H. Liquidation during the Delivery Month

After trade in USD Bursa Malaysia Crude Palm Oil – European Low Sulphur Gasoil Spread Futures in the current delivery month has ceased, in accordance with Rule 204E01.G., outstanding contracts for such delivery shall be liquidated by cash settlement as prescribed in Rule 204E02.

204E02. CASH SETTLEMENT

Final settlement under these rules shall be on the final settlement day (as described in Rule 204E04.) and shall be accomplished by cash settlement. Clearing members holding open positions in the contract at the time of termination of trade shall make payment to and receive payment through the Clearing House in accordance with normal variation settlement procedures based on a settlement price equal to the final settlement price (as described in Rule 204E03.).

204E03. FINAL SETTLEMENT PRICE

The final settlement price shall be determined on the final settlement day. The final settlement price shall be equal to the cumulative average of the settlement prices for the third forward month FCPO contract traded on the Bursa Malaysia Derivatives Berhad for each trading day in the contract month converted to USD and rounded to the nearest \$0.25 using the Kuala Lumpur USD/MYR Reference Rate which appears on Thomson Reuters Screen MYRFIX02 Page at approximately 3:30 p.m. Kuala Lumpur time, Minus the cumulative average of the settlement prices for the first nearby month ICE Low Sulphur Gasoil Futures contract for each trading day in the contract month

rounded to the nearest \$0.001 (using non-common pricing). The settlement prices of the first nearby contract month will be used except on the last day of trading for the expiring ICE Low Sulphur Gasoil Futures contracts when the settlement prices of the second nearby contracts will be used.

For example, the palm oil component of final settlement for a January contract month of the contract would reference the cumulative average of the daily settlement prices for the third forward FCPO contract listed on the Bursa Malaysia Derivatives Berhad contract during the month of January, which in this example will comprise half of the March futures contract and half of the April futures contract, with the month roll determined by the Bursa Malaysia Derivatives Berhad listing and expiration cycle. These daily settlement prices for palm oil component are converted to USD and rounded to the nearest \$0.25 using the Kuala Lumpur USD/MYR Reference Rate. The gasoil component of final settlement for a January USD Bursa Malaysia Crude Palm Oil – European Low Sulphur Gasoil Spread Futures contract would reference the cumulative average of the daily settlement prices for the first nearby ICE Low Sulphur Gasoil futures contract during the month of January, which in this example will comprise half of the January futures contract and half of the February futures contract, with the month roll determined by the ICE Futures Europe listing and expiration cycle. These daily settlement prices for the gasoil component are rounded to the nearest \$0.001.

204E04. FINAL SETTLEMENT DAY

The final settlement day shall be on the last CME business day of the contract month. However, should there be a Bursa Malaysia Derivatives Berhad or an ICE Futures Europe business day during the contract month that follows the last CME business day of the contract month, then final settlement shall be on the first CME business day of the month following the contract month.
