Trading in monthly options in the March quarterly cycle (i.e., March, June, September and December) shall terminate at 9:00 a.m. Central time on the second Friday immediately preceding the third Wednesday of the contract month. If the foregoing date for termination is an Exchange holiday, trading in monthly options shall terminate on the immediately preceding Business Day.

## 2. Monthly Options Not in the March Quarterly Cycle ("Serial Options")

Trading in monthly options not in the March quarterly cycle (i.e., January, February, April, May, July, August, October and November) shall terminate at 9:00 a.m. Central time on the second Friday immediately preceding the third Wednesday of the contract month. If the foregoing date for termination is an Exchange holiday, trading in monthly options shall terminate on the immediately preceding Business Day.

### **317A01.J. Exercise Prices**

Regular exercise prices shall be stated in terms of Euro per Polish zloty at intervals of €0.001, e.g., €0.213, €0.214, €0.215, etc.

## **317A02. LISTING OF EXERCISE PRICES**

### 1. Monthly Options in the March Quarterly Cycle ("Quarterly Options")

At the commencement of trading in a contract month, the Exchange shall list put and call options at the regular exercise price that is nearest the previous day's settlement price of the underlying futures contract as well as at the next twenty-four higher and next twenty-four lower regular exercise prices.

When a sale, bid, offer, or settlement price in the underlying futures contract occurs within half a regular exercise price interval of the twenty-fourth highest or twenty-fourth lowest existing regular exercise price, put and call options at the next higher or next lower regular exercise price shall be listed for trading on the next Trading Day. New options may be listed for trading up to and including the termination of trading. The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

### 2. Options Not in the March Quarterly Cycle ("Serial Options")

Upon demand, the Exchange shall list put and call options at any exercise price listed for trading in the next March quarterly cycle futures option that is nearest the expiration of the option. Options may be listed for trading up to and including the termination of trading.

## **317A03. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of option contracts on Polish zloty/Euro cross rate futures. All options on Polish zloty/Euro cross rate futures are European-style exercise only. Early option exercise prior to the option expiration day is not permitted. Contrary option exercise instructions are also not allowed.

### **317A03.A. Exercise of Option by Buyer**

All in-the-money options are automatically exercised by the Clearing House on the day of expiration for the option. All out-of-the-money options are abandoned by the Clearing House on the day of expiration for the option. To determine whether an option is in or out of the money on this day, the Exchange shall calculate the relevant "CME currency fixing price". This shall be determined by taking the fixing price for PLN/USD futures (as described in Chapter 268A) and dividing by the fixing price for the EUR/USD futures (as described in Chapter 261A).

An option is in-the-money if the fixing price of the underlying futures contract at termination lies above or is equal to the exercise price in the case of a call, or lies below the exercise price in the case of a put.

### **317A03.B. Assignment**

Exercise notices accepted by the Clearing House shall be assigned through a process of random selection to clearing members with open short positions in the same series. A clearing member to which an exercise notice is assigned shall be notified thereof as soon as practicable after such notice is assigned by the Clearing House, but not later than 45 minutes before the opening of Regular Trading Hours in the underlying futures contract on the following Business Day.

The clearing member assigned an exercise notice shall be assigned a short position in the underlying futures contract if a call is exercised or a long position if a put is exercised. The clearing member representing the option buyer shall be assigned a long position in the underlying futures contract if a call is exercised and a short position if a put is exercised.

All such futures positions shall be assigned at a price equal to the exercise price of the option and shall be marked to market in accordance with Rule 814 on the Trading Day of acceptance by the Clearing House of the exercise notice.
