2. European Style Weekly Options
Trading in any European style Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 351A00.A.), on the Friday designated by the Exchange as such option’s expiration date. For a given calendar month:

3. European Style Wednesday Weekly Options
Trading in any European style Wednesday Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 351A00.A.), on the Wednesday designated by the Exchange as such option’s expiration date. For a given calendar month:

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

4. European Style Monday Weekly Options

Trading in any European style Monday Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 351A00.A.), on the Monday designated by the Exchange as such option’s expiration date. For a given calendar month:

6. Unscheduled Market Holiday
Notwithstanding the aforementioned, if the Primary Listing Exchange (Rule 351A00.A.) is closed in observance of an unscheduled market holiday on a day previously scheduled as a Business Day, then trading in option contracts that had been scheduled to expire on such day shall terminate, and such option contracts shall expire, on the Business Day immediately preceding such unscheduled market holiday.

351A01.J.  [Reserved]

351A02. EXERCISE AND ASSIGNMENT

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of options.

351A02.A. Exercise

1. Quarterly Options

Any Quarterly option (Rule 351A01.D.1.) may be exercised by the buyer on any Business Day prior to and including such option’s Expiration Date. To exercise such option, the clearing member representing the option buyer shall present an exercise notice to the Clearing House by 5:30 p.m., or by such other time as the Exchange may designate, on the day of exercise.

Any unexercised option shall expire at 5:30 p.m. on the day scheduled for determination of the Final Settlement Price (Rule 35103.A.) of such option’s Underlying Futures Contract. Any option that is in the money, and that has not been liquidated or exercised prior to its termination of trading, shall be exercised automatically upon expiration, in the absence of contrary instructions. Such contrary instructions must be delivered to the Clearing House by the clearing member representing the buyer of such option no later than 5:30 p.m., or at such other time on such option’s Expiration Date as may be designated by the Exchange.

An expiring call option shall be in the money if the Final Settlement Price of such option’s Underlying Futures Contract (Rule 351A01.D.) on such option’s Expiration Date is strictly above such option’s exercise price, and shall be out of the money if such Final Settlement Price is at or below such option’s exercise price.

An expiring put option shall be in the money if the Final Settlement Price of such option’s Underlying Futures Contract on such option’s Expiration Date is strictly below such option’s exercise price, and shall be out of the money if such Final Settlement Price is at or above such option’s exercise price.

2. All Options Excluding Quarterly Options

Any European style Weekly option (Rule 351A01.D.2.), or European style Wednesday Weekly option (Rule 351A01.D.3.), or European style Monday Weekly option (Rule 351A01.D.4.), or European style End-of-Month option (Rule 351A01.D.5.) may be exercised only at, and not before, the expiration of such option. Following the termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

Whether an option expires in the money or out of the money shall be determined by the Exchange by reference to the Fixing Price of the CME E-mini Standard and Poor’s 500 Stock Price Index (“E-mini S&P 500”) futures contract (Chapter 358) for the same delivery month as such option’s Underlying Futures Contract (Rule 351A01.D.). Such Fixing Price shall be determined by the Exchange in accordance with Rule 358A02.A.2. on the last day of trading in such option (Rule 351A01.I.).

If, at the time such Fixing Price is scheduled to be calculated, the Primary Listing Exchange (Rule 351A00.A.) is subject to a Regulatory Halt (Rule 351A00.B.), and the Primary Futures Contract Month is limit offered at the maximum price limit permissible during such Regulatory Halt pursuant to Rule 35102.I., then (a) such option shall expire at 8:31 a.m. on the next following Business Day on which a Regulatory Halt is not in effect, and (b) the Fixing Price for such option shall be calculated in accordance with the corresponding provisions of Rule 358A02.A.2.

An expiring call option shall be in the money if the corresponding Fixing Price is strictly above such option’s exercise price, and shall be out of the money if the corresponding Fixing Price is at or below such option’s exercise price.

An expiring put option shall be in the money if the corresponding Fixing Price is strictly below such option’s exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option’s exercise price.
351A02.B. Assignment
For a given option contract, an exercise notice accepted by the Clearing House in accordance with Rules 351A02.A. shall be assigned by the Clearing House through a process of random selection to clearing members carrying open short positions in such option contract. A clearing member to whom such exercise notice has been assigned shall be notified thereof as soon as practicable following such assignment.

The clearing member to whom such exercise notice has been assigned shall be assigned a short position in such option’s Underlying Futures Contract (Rules 351A01.D.) if such option is a call, or a long position in such option’s Underlying Futures Contract if such option is a put. The clearing member representing the option buyer making exercise shall be assigned a long position in such option’s Underlying Futures Contract if such option is a call, or a short position in such option’s Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House accepts such exercise notice.

351A03. [RESERVED]

351A04. CORRECTIONS TO OPTION EXERCISES
Corrections to option exercises may be accepted by the Clearing House after 5:30 p.m. and up to the beginning of final option expiration processing (in accord with Rules 351A02.A.), provided that such corrections are necessary due to: (1) a bona fide clerical error, (2) unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to 5:30 p.m. The decision as to whether a correction is acceptable will be made by the President of the Clearing House, or the President’s designee, and such decision will be final.

351A05.-29. [RESERVED]

FLEXIBLE OPTIONS

351A30. SCOPE OF FLEXIBLE OPTIONS RULES
For the purposes of the following Rules 351A30.-38. in respect of flexible options on Standard and Poor's 500 Stock Price Index futures ("flexible options"), standard options shall be as defined by the foregoing Rules 351A01.-29.

Unless otherwise noted below, the following flexible options rules supersede the standard option regulations presented in the earlier part of this chapter.

351A31. FLEXIBLE OPTIONS CHARACTERISTICS

351A31.A. Nature of Flexible Contracts
Flexible options on futures shall be permitted, provided that no such flexible option shall have the same Underlying Futures Contract (Rule 351A01.D.), and the same Exercise Price (Rule 351A01.E.), and the same exercise style, and the same Termination of Trading (Rule 351A01.I.) as any standard option that is concurrently listed for trading. For the avoidance of doubt, a flexible option shall be permitted to have the same Underlying Futures Contract, same Exercise Price, same exercise style, and same Termination of Trading as any standard option that is not concurrently listed for trading.

If and when a standard option is listed with terms and conditions identical to a flexible option previously opened for trading, then such option contract shall be traded only as a standard option and shall be subject to all trading requirements applicable to standard options. Upon the listing of such standard option, all open positions previously established in such flexible option, subject to flexible option trading procedures, shall become fully fungible with transactions in such standard option for all purposes under these Rules.

351A31.B. Trading Unit
The minimum size for requesting a quote for, or for trading in, a flexible option shall be 10 contracts, where each contract represents an option to buy, in the case of a call, or to sell, in the case of a put, one S&P 500 Index futures contract (Chapter 351), provided that a party may request a quote for, or may trade, fewer than 10 contracts in order to entirely close out a position in such flexible option.
Any respondent to a request for quote for a flexible option must be willing to trade at least 10 contracts, provided that such respondent may trade fewer than 10 contracts in order to entirely close out a position in such flexible option.

351A31.C. Minimum Fluctuations
Minimum price fluctuations for flexible options must conform to standards set forth in Rule 351A01.C.

351A31.D. Underlying Futures Contracts
The Underlying Futures Contract for a flexible option must be listed for trading (Chapter 351).

351A31.E. Exercise Prices
The exercise price of any flexible option must be an integer multiple of 0.10 Index points (e.g., 400.00, 400.10, 400.20). Such exercise price shall be no less than 0.10 Index points and no greater than 9999.90 Index points.

351A31.F. Position Limits, Exemptions, Position Accountability and Reportable Levels
(Refer to Rule 351A01.F.)
351A31.G. [Reserved]
351A31.H. [Reserved]
351A31.I. Termination of Trading
A flexible option may be specified to expire on any Business Day prior to and including the day scheduled for determination of the Final Settlement Price of such flexible option’s Underlying Futures Contract (Rule 351A31.D.).

Trading in any flexible option shall terminate at the close of trading on such option’s specified expiration date, provided that if a flexible option is specified to expire on the day scheduled for determination of the Final Settlement Price of such option’s Underlying Futures Contract, then trading in such flexible option shall terminate at the same time as the close of trading in such Underlying Futures Contract on the Business Day first preceding such flexible option’s specified expiration date.

Notwithstanding the aforementioned, if the Primary Listing Exchange (Rule 351A00.A.) is closed in observance of an unscheduled market holiday on a day previously scheduled as a Business Day, then trading in flexible option contracts that had been scheduled to expire on such day shall terminate, and such option contracts shall expire, on the Business Day immediately preceding such unscheduled market holiday.

In the event that the market in the Underlying Futures Contract for such flexible option does not open on the day scheduled for termination of option trading, trading in such option shall terminate on the next Business Day on which the market in such Underlying Futures Contract is open for trading.

A flexible option contract may be opened for trading, and may be traded, on its last day of trading.

351A31.J. [Reserved]

351A32. FLEXIBLE OPTIONS EXERCISE
In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of flexible options on S&P 500 Stock Price Index futures.

351A32.A. Exercise of Flexible Options by Buyer
Flexible options may be specified for either American style exercise or European style exercise. A flexible option for American style exercise may be exercised by the option buyer on any Business Day that such option may be traded. A flexible option for European style exercise can be exercised by the option buyer only upon expiration.

To exercise any flexible option, the clearing member representing the buyer shall present an exercise notice to the Clearing House no later than 5:30 p.m. on the day of exercise.

Any unexercised flexible option shall expire at 5:30 p.m. on such option’s specified expiration date. Any flexible option that is in the money, and that has not been liquidated or exercised prior to its termination of trading, shall be exercised automatically upon expiration, in the absence of contrary instructions. Such contrary instructions must be delivered to the Clearing House, by the clearing member representing the buyer of such option, no later than 5:30 p.m., or such other time as may be designated by the Exchange, on the last day of trading in such option.

351A32.B. Assignment
For a given flexible option contract, an exercise notice accepted by the Clearing House (Rule 351A32.A.) shall be assigned by the Clearing House in accordance with Rule 351A02.B.

351A33. [RESERVED]

351A34. INITIATING A FLEXIBLE OPTIONS CONTRACT SERIES

351A35. [RESERVED]

351A36. RFQ TRADING INTERVAL

Upon acceptance of an RFQ for a flexible option by the designated flexible options pit official in accordance with Rule 351A34., trading in such flexible option may occur immediately. Priority among multiple RFQs shall be determined by the order in which such RFQs are submitted to the designated flexible options pit official, provided that all RFQs submitted before the open shall be treated equally.

351A37. EXPIRATION OF AN RFQ

Following an RFQ for a flexible option within a given trading session, trading in such flexible option shall remain open for the remainder of such trading session. Trading in a given flexible option series following a transaction in such option series shall remain open through the remainder of the trading session in which such transaction was executed and through each subsequent session in which there is open interest in such flexible option series.

351A38. REPORTING OF FLEXIBLE OPTIONS TRADES

The parties to any trade in a flexible option shall be responsible to report timely the quantity and price of such trade to the designated flexible options pit official.
