90005. REGISTRATION

90005.A. IRS Clearing Members

An IRS Clearing Member must register with CME in order to clear IRS Contracts through the Clearing House. IRS Clearing Members and IRS Participants must complete all applicable on-boarding agreements required by the Clearing House to satisfy the registration process.

90005.B. IRS Participants

In order for an IRS Participant to participate in the clearing of IRS Contracts through the Clearing House, such IRS Participant's IRS Clearing Member must register the account of such IRS Participant with CME prior to submitting IRS Products on behalf of such Participant for clearing by the Clearing House and shall comply with any requirements of Rule 8G09.

90005.C Eligible Contract Participant

In order to transact in IRS Contracts, an IRS Participant must be an "eligible contract participant" pursuant to at least one of the applicable limbs of the definition provided in Section 1a(18) of the Commodity Exchange Act ("ECP"). An IRS Clearing Member that clears IRS Contracts must obtain a representation from each IRS Participant for which it provides clearing services that such IRS Participant is, and will be, an ECP at all times clearing services are provided for such IRS Participant. If an IRS Clearing Member becomes aware that an IRS Participant for which it provides clearing services no longer qualifies as an ECP, such IRS Clearing Member must notify the Clearing House and work with such IRS Participant to close out such IRS Participant's open IRS Contracts as soon as possible. Violations of this Rule may subject the relevant IRS Clearing Member to fines and other disciplinary action.

90005.D. Identification of IRS Contracts

Each IRS Contract shall be identified with an account number which identifies the originator of such IRS, and which specifies whether such IRS Contract is (i) a proprietary transaction of an IRS Clearing Member duly registered with the Clearing House or (ii) a transaction by an IRS Participant duly registered with the Clearing House.

90006. SUBMISSION OF INTEREST RATE PRODUCTS TO THE CLEARING HOUSE

IRS Products shall be submitted to the Clearing House for clearing through (a) the CME ClearPort GUI and API, (b) the Clearing House migration utility, or (c) any other facility or trade platform approved by the Clearing House from time to time. Any bilateral IRS (i) that is submitted to the Clearing House in accordance with the Rules and with all required elections, (ii) that satisfies the conditions in Rule 8G05, (iii) that is within the IRS product scope available on the Clearing House's website and (iv) where both IRS Clearing Members have accepted the resulting IRS Contracts, will be accepted for clearing and will result in two IRS Contracts in accordance with Rule 8G05.

Notwithstanding any provision to the contrary in the Rules or in the Exchange User License Agreement (as may be amended from time to time), the parties to a bilateral IRS transaction submitted for clearing and which has not been accepted for clearing by the Clearing House pursuant to these Rules may separately agree that such trade is a valid, binding agreement between the parties which is un-cleared and which has no affiliation with the Clearing House.

- (a) a "Confirmation" shall be deemed to be references to the terms of the relevant IRS Contract;
- (b) a "Swap Transaction" shall be deemed to be references to the relevant IRS Contract, where such IRS contract is an IRS: and
- (c) a "Swaption" shall be deemed to be references to the relevant IR Swaption Contract.

90008. IRS COUPON BLENDING

In respect of eligible IRS Contracts only, the Clearing House will allow IRS Participants to elect to have the Clearing House reduce the number of eligible IRS Contracts of each such IRS Participant through a compression process that will replace similar cleared IRS Contracts executed at the same or different fixed rates with zero or more replacement IRS Contracts that have Fixed Rate(s) equal to the blended rate(s) determined through the coupon blending process. The coupon blending process will result in a compression of the IRS Participant's portfolio of eligible IRS Contracts by reducing the number of transactions and/or the aggregate gross notional of the combined eligible IRS Contracts. The combined cash flows of the replacement IRS Contracts will be the same as the combined cash flows of the original eligible IRS Contracts.
