Chapter 121
1,000-oz. Silver Futures

121100. SCOPE OF CHAPTER

This chapter is limited in application to 1,000-oz. Silver futures. The procedures for trading, clearing, delivery and settlement not specifically covered herein or in Chapter 7 shall be governed by the general rules of the Exchange.

The provision of these rules shall apply to all silver bought or sold for future delivery on the Exchange.

The terms “seller” and “buyer” shall mean the seller of the physical product and the buyer of the physical product, respectively.

For purposes of these rules, unless otherwise specified, times referred to herein shall refer to and indicate New York, Eastern Standard Time.

121101. CONTRACT SPECIFICATIONS

The contract unit shall be one thousand (1,000) troy ounces. Silver delivered under this contract shall meet all of the specifications in Exchange Chapter 7 and Chapter 112 (“Silver Futures”) as they apply to the Exchange’s 5,000 troy ounce Silver futures contract.

Deliveries under the contract are restricted to multiples of five (5) futures contracts on all days on which deliveries may take place with the exception of the last intent day. On the last intent day, there will be no restriction on the delivery quantity.

Upon delivery, the buyer’s clearing member receives and the seller’s clearing member delivers an Accumulated Certificate of Exchange (“ACE”), issued by the Clearing House. An ACE represents a 20% ownership in a 5,000 troy ounce Silver futures contract held in the form of a Warrant.

A clearing member may request the issuance of five (5) ACEs by electronically endorsing to the Clearing House a Warrant representing one (1) 5,000 troy ounce Silver futures contract.

ACEs may only be redeemed for a Warrant upon the accumulation of five (5) such ACEs. Upon presentation and endorsement to the Clearing House of five (5) ACEs, the owner will receive one (1) Warrant meeting the contract specifications in accordance with Rule 112101. Tolerance adjustments for troy ounces received vs. troy ounces represented by the ACEs will be made through the Clearing House. Storage charges are invoiced to the clearing member who owns the ACEs.
