

## Chapter 1250

### In Delivery Month European Union Allowance (EUA) Futures

#### 1250100. SCOPE OF CHAPTER

This chapter is limited in application to In Delivery Month European Union Allowance (EUA) futures. The procedures for trading, clearing, delivery and settlement not specifically covered herein or in Chapter 7B shall be governed by the general rules of the Exchange.

The provisions of these rules shall apply to all European Union Allowances bought or sold for future delivery on the Exchange with delivery at the Registry (UK).

The terms “seller” and “buyer” shall mean the seller of the physical product and the buyer of the physical product, respectively. The seller’s clearing member and buyer’s clearing member may utilize a designee to perform their respective and necessary obligations with regard to transferring and accepting allowances at the Registry (UK).

In January 2005, the European Union Emissions Trading Scheme (“EU ETS”) commenced operation as the largest multi-country, multi-sector Greenhouse Gas emission trading scheme world-wide. It covers over 11,500 energy-intensive installations across the EU which represent approximately half of Europe’s emissions of CO<sub>2</sub>. These installations include combustion plants, oil refineries, coke ovens, iron and steel plants, and factories making cement, glass, lime, brick, ceramics, pulp and paper. The scheme is based on Directive 2003/87/EC, which entered into force on 25 October 2003.

The term “EUTL” shall mean the independent transaction log provided for in Article 20(1) of the Directive, the operation of which is further detailed in the Registries Regulation.

The term “ITL” shall mean the International Transaction Log. All transactions between registries are maintained by transaction logs which verify the validity of transactions.

The term “Community Independent Transaction Log” or “CITL” shall mean the predecessor log to the EUTL provided for in Article 20(1) of Directive 2003/87/EC, for the purpose of recording the issue, transfer and cancellation of EUAs under the EU ETS and established, operated and maintained pursuant to Article 5 of the Registry Regulations. The EU Commission established and is the Administrator of the CITL for transfers involving EU Member States. Transfers involving EU Entities entail an additional step from the ITL to the CITL under the Kyoto Protocol for transfers of EUAs between national registries.

The term “Communication Link” shall mean the electronic exchange of messages/notifications (1) by which a buyer and seller communicate with a Registry, and/or (2) by which a Registry communicates with CITL or EUTL, and/or (3) by which CITL or EUTL communicates with the ITL (where applicable), and/or (4) by which a Registry communicates with the ITL (where Applicable).

The term “Registry (UK)” shall mean the Registry under the jurisdiction of the United Kingdom (collectively being the holding accounts within the Union Registry that are under the jurisdiction of the United Kingdom).

The term “Registry” shall mean any registry in an EU Member State meeting the eligibility criteria and which has implemented the Linking Directive in a manner that authorizes private persons to hold EUAs and has Person Holding Accounts established in order to ensure the accurate accounting of the issue of holding, transfer, acquisition, surrender, cancellation, and replacement of EUAs under the EU ETS, and which has been identified as a Registry by the Clearing House from time to time for the purpose of this futures contract. For the avoidance of doubt, references to a Registry shall include (i) the Union Registry and (ii) collectively the holding accounts within the Union Registry that are under the jurisdiction of a single Member State. In the case of (ii), such holding accounts will together be deemed to be a Registry for that Member State.

The term “Registry Regulations” shall mean the EU Commission Regulation (EC) No 2216/2004 for a standardized and secured system of registries pursuant to Directive 2003/87/EC of the European Parliament and of the Council and Decision 280/2004/EC of the European Parliament and of the Council, as amended from time to time including by EU Commission Regulation (EC) No.916/2007.

The term “Union Registry” shall mean the Registry referred to as the “Community registry” in Article 19(1) of the Directive.

For purposes of these rules, unless otherwise specified, times referred to herein shall refer to and indicate the prevailing time in the United Kingdom.
