

Special Executive Report

DATE: June 13, 2014

SER#: 7103R

SUBJECT: Amendments to the Product Titles of Four (4) CenterPoint Natural Gas Contracts and All Related References in the NYMEX Rulebook

This SER supersedes SER #7103 dated May 29, 2014 to correct the clearing codes and rule chapter titles.

Please be advised that effective Sunday, June 15, 2014, for trade date Monday, June 16, 2014, the New York Mercantile Exchange, Inc. (NYMEX or Exchange) will amend the product title of four (4) natural gas products which currently reference CenterPoint to reference Enable (Rulebook Chapters 807, 810, 817 and 1024, with clearing codes PW, II, VX, and DAC, respectively). Also at that time, the Exchange will amend all references to the contract throughout the NYMEX rulebook to reflect the new name. The rulebook chapter and commodity code will remain unchanged. The Exchange will also implement the amendment to the position limit table within Chapter 5 of the NYMEX rulebook to reflect the revised naming convention. This change will not affect existing position limits of the product.

It is important to note that the title change and all related amendment is administrative in nature and will, **in no manner**, impact the structure of the contract or related contracts.

The Commodity Futures Trading Commission (CFTC) will be notified of the product name change and related rule amendments during the week of June 23, 2014, via the weekly notification procedures set forth in Part 40 of the CFTC Regulations.
