### Preliminary

**PG04 BULLETIN #2130**

**AGRICULTURAL FUTURES**

FRI, NOV 03, 2033 PG04

The CME Group Daily Bulletin only displays those products/contract months that have volume and/or open interest. Volume includes Globex® outcry (trading floor) and privately negotiated transactions (PNT) that include one clearance activity. Volume or Open Interest changes after the last day of trading may be affected by privately negotiated transactions, prior day cleared trades, position adjustments, deals, settlements, options exercises or assignments.

**Price Indicator Key**

- **Open Interest**: The open interest of the contract on a particular date includes all contracts for which there has been no offsetting trade prior to that date.
- **номinal close**: The nominal close is the closing price of the contract on the last trading day prior to the date of the bulletin.
- **contract did not occur during the close range**
- **Volume**: Volume is the total number of contracts traded during the reporting period.
- **Settle Price**: The settle price is the average of transactions executed during the trading day.
