

ACER XML Service for NYMEX Customers Registration

The Exchange (NYMEX) will convert data reportable under REMIT held on its systems relating to your contracts executed and orders to trade placed on the Exchange into reportable ACER XML format and make it available for download from a secure FTP folder location (the ACER XML Service). Please note you will need to separately arrange for the submission of data reportable under REMIT to ACER.

If you wish to appoint NYMEX to provide the ACER XML Service to you on the terms set out in the ACER XML Service for NYMEX Customers Terms and Conditions (the Terms and Conditions), you must:

- Step 1:** Read the Terms and Conditions set out in this document.
- Step 2:** Complete the ACER XML Service Registration Form below, including all required information and signifying your agreement to the Terms and Conditions.
- Step 3:** Send your completed ACER XML Service Registration Form, together with all the relevant required information and the signed Terms and Conditions via email to energy@cmegroup.com.
- Step 4:** We will notify you when we consider your application is complete and all of the relevant information has been provided in a form satisfactory to us by providing written email confirmation to you that we will commence provision of the ACER XML Service pursuant to the Terms and Conditions from the specified start date indicated in such email confirmation (subject to satisfactory completion of Step 5 below).
- Step 5:** We will work with you to complete the onboarding and connection process, which may include provision of certain key information and data by you in a specified form to us.

Capitalized terms used herein have the meaning given to them in the Terms and Conditions.

ACER XML Service Registration Help

To comply with the REMIT reporting requirements, the following information ("Static Customer Data") is required (in a format satisfactory to NYMEX) from Customers in order to assist NYMEX in populating the reports to be made available for download by the Customer pursuant to the ACER XML Service.

- Legal Entity Identifier (LEI) is a unique ID associated with a single corporate entity and would be used for identifying the parties to financial transactions. Please visit <http://www.lei.org/> for more information
- LEI Issuer endorsed by Global Legal Entity Identifier System (GLEIS)
- ACER Registration Code ("Market participants" within the scope of REMIT are required to register with an EU National Regulatory Authority as a market participant and will be assigned an ACER Registration Code)
- Domicile identifies the country where the entity is domiciled
- National Regulatory Authority (NRA) identifies regulator(s) overseeing the firm in EU for the purposes of REMIT registration as a market participant

Please note that NYMEX may require additional static or non-static data from Customer from time to time.
