

Cryptocurrency Futures and Options Expansion to 24/7 Overview

April 29, 2026

24/7 Cryptocurrency Trading Impacts

Key changes to support 24/7 cryptocurrency trading

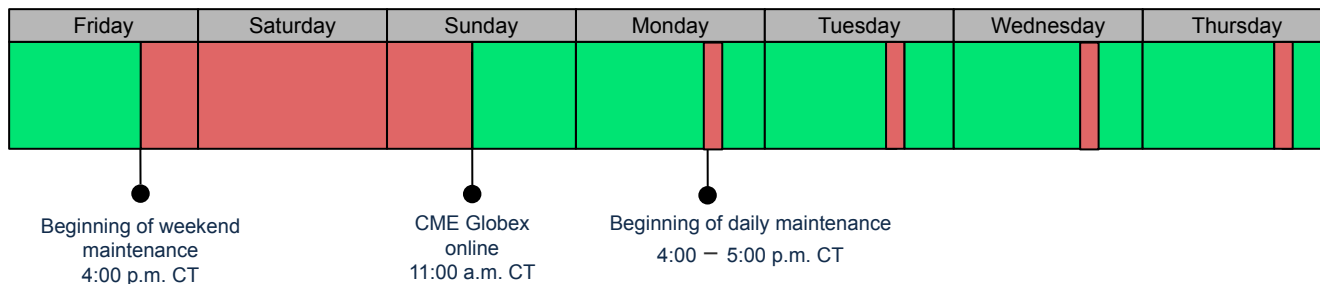

- [24/7 Trading](#) will include holidays, Saturday, and Sunday:

Day	Type	Close	Pre-Open/Open
Saturday	Extended Maintenance Window	Close: 2:00 a.m. to 3:45 a.m. Central time (CT)	<ul style="list-style-type: none">• Pre-open: 3:45 a.m. to 4:00 a.m. CT• No cancel: 3:59:30 a.m. to 4:00:00 a.m. CT• Open: 4:00 a.m. CT
Monday through Friday	Daily Maintenance Window (with Trade Date roll)	Close: 4:00:00 p.m. to 4:01:00 p.m. CT	<ul style="list-style-type: none">• Pre-open: 4:01:00 p.m. to 4:01:30 p.m. CT• No cancel: 4:01:30 p.m. to 4:02:00 p.m. CT• Open: 4:02:00 p.m. CT

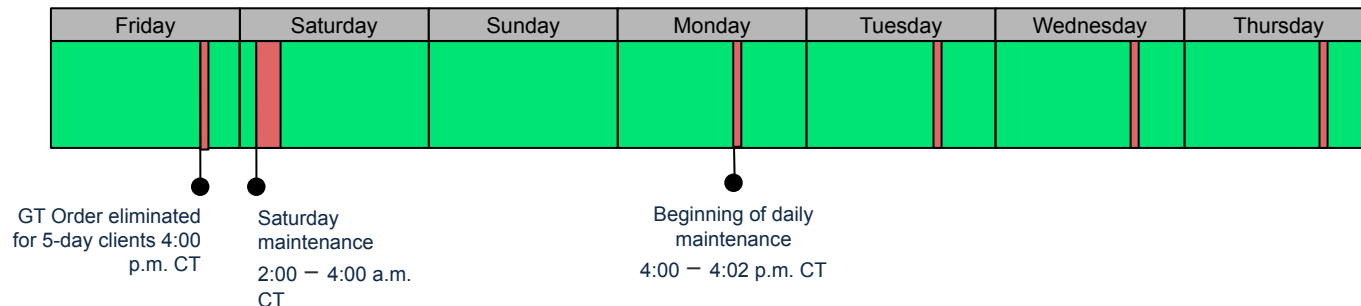

- Existing [iLink Order Entry](#), [Drop Copy](#) and [Market Data Platform \(MDP 3.0\)](#) functionality is supported.
- Full market hours can be found [here](#).
- Existing iLink, Drop Copy and MDP 3.0 is functionality is supported.

24/7 Trading - Maintenance Cycle

CME Globex Maintenance Cycles - Cryptocurrency today

CME Globex Maintenance Cycles - Cryptocurrency 24/7

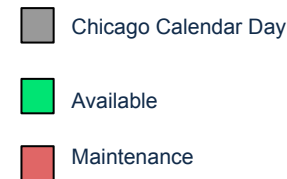

24/7 Maintenance Impacts

-The 58 minute reduction in the daily [maintenance](#) window is an impact for both five and 7-day clients.

-On Friday 4:00 p.m. beginning of maintenance Good Till (GT) orders are eliminated for 5-day clients.

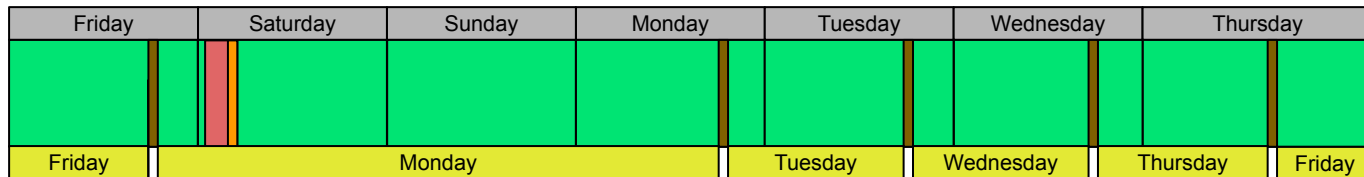

-During Saturday startup, client systems must clear their books and prepare for an iLink/Drop Copy/MDP 3.0 sequence number reset. Resting day orders and mass quotes are eliminated.

24/7 Trading - Trade Date Processing

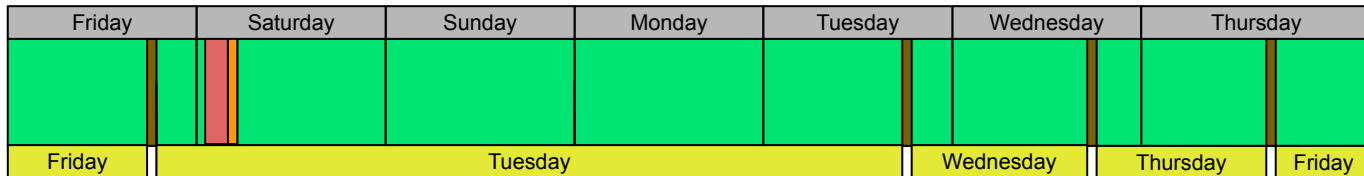

Trade date processing follows established standards

Typical - 24/7

Trade date changes

Holiday - 24/7

Tuesday trade date due to upcoming Monday holiday

Monday holiday

24/7 Trade Date Impacts

As with CME Globex today, the [trade date](#) will change with the daily Monday-Friday Close > Pre-open > No Cancel > Open (4:00 – 4:02 p.m. CT).

Client Impacts - Engine & Market Data

Access global data, 24/7

Market Segment (Engine)

- Existing market segment ID 74 (tag 1300-MarketSegmentID)

Market Data

System	Impact	Channel ID(s)	Note
CME Globex MDP 3.0	Existing	326, 327	326 supports futures. 327 supports options.
New CME CF Rates and Indexes Channel	New	214	Same data as existing 5 day rates channel (213) with 24/7 support
New Streamlined Block Trades Channel	New	235	Same data as existing 5 day blocks channel (230) with 24/7 support

- Existing CME Globex MDP 3.0 functionality is supported.
- [CME Smart Stream SBE](#) and [MDP Websocket API](#) support.
- New network impacts - see "5 vs 7 Day Client Journey Summary" section for more information.

Client Impacts - CME Globex Market Access

Empowering clients with around the clock market access

iLink Order Entry

- Existing iLink functionality is supported.
- No new messaging impacts.
- NEW - Good Till (GT) order support.
- NEW - Convenience Gateway (CGW) support.
- NEW - network impacts - see “5 vs 7 Day Client Journey Summary” section for more information.
- NEW - Order Entry Service Gateway (OESGW) IP impact.

Drop Copy

- Existing Drop Copy functionality is supported.
- No new messaging impacts.
- NEW - network impacts - for more information see [5 vs 7 Day Client Journey Summary](#).
- NEW - CGW support.

iLink and Drop Copy Session Support

Access	Client Type	Impact
Market Segment Gateway (MSGW) iLink or Drop Copy Session	5-day and 7-day Clients	No impact. Existing sessions support 24/7 on CME Globex.
Convenience Gateway (CGW) iLink or Drop Copy Session	5-Day Clients	Existing CGW sessions support market hours between Sunday 4:00 p.m. and Friday 4:00 p.m. CT. Migration optional for 5-day clients.
	7-day Clients	CGW clients who wish to access weekend trading must create a new CGW 24/7 session. The new session can access <i>all</i> CME Globex futures and options markets (e.g. interest rates, energy, etc) during the weekday.

- For the first time CME Globex will support iLink and Drop Copy CGW during the weekend
- See also: [OESGW production information](#)

Good Till Order Support

Good till when?

For the first time Globex will support Good Till (GT) orders during weekend trading!

- **Key challenge:** How can 5 day and 7 day clients manage resting GT orders?

Solution

- **New Functionality:** CME Globex Credit Controls (GC2) will support automatic GT elimination functionality via [a distinct weekend GC2 limit](#) at the execution firm level.
- **GC2 Weekend Trading Configuration**
 - Accounts default to a 5-day support schedule (zero weekend limit).

Weekend GFIDs NOT Enabled	Weekend GFIDs Enabled
<p>Cancellation Time: GT orders for these products will be canceled every Friday at 4:00 p.m. CT.</p> <p>Scope: This cancellation applies only to products designated as "7-Day Products" and is enforced at the GFID level.</p>	<p>ilink 7 day session: GT Orders submitted through 7 day GFIDs will remain active and manageable in the market.</p> <p>ilink 5 day Session: GT Orders submitted through 5 day session will remain working, although not accessible via an iLink session.</p>

Client Impacts - Core Systems

Straight through processing (STP)

- [CME STP FIXML](#) and [CME STP FIX](#) will support trade reports for 24/7 markets
 - No new messaging impacts.

Initiative	FIXML 24/7 Support	FIX 24/7 Support
Cryptocurrency futures and options	Yes	NEW - Yes

- [Google Cloud connectivity required](#), on-prem is not available.

Reference Data API

- Supports 24/7 trading, including [schedule functionality](#)
- New 7 day trading attribute [added](#)

CME DataMine

- [CME DataMine](#) supports 24/7 trading

CME Direct

- [CME Direct](#) does not support weekend trading

5-Day vs. 7-Day Client Journey Summary

	5-Day Cryptocurrency Clients	7-Day Cryptocurrency Clients
Weekday Schedule Update	Daily maintenance window reduced from one hour to one minute.	
Weekend Schedule Expansion	N/A	Clients must successfully process the new Saturday startup.
