

# Subscribe to the EBS Market on CME Globex Notice

## Step 1: \*Create a CME Group Login Account with Application Access

- Go to <https://login.cmegroup.com/sso/register/> to create a CME Group Login Account with Application Access.
- Complete the all required fields on the registration form that are marked with red asterisks (\*)  
For additional information on these steps, please review the [CME Group Login User Help System](#).

\*If you have already created a CME Group Login with Application Acces, please proceed to [Step 3: Subscribe to EBS Market Integration Notices](#).

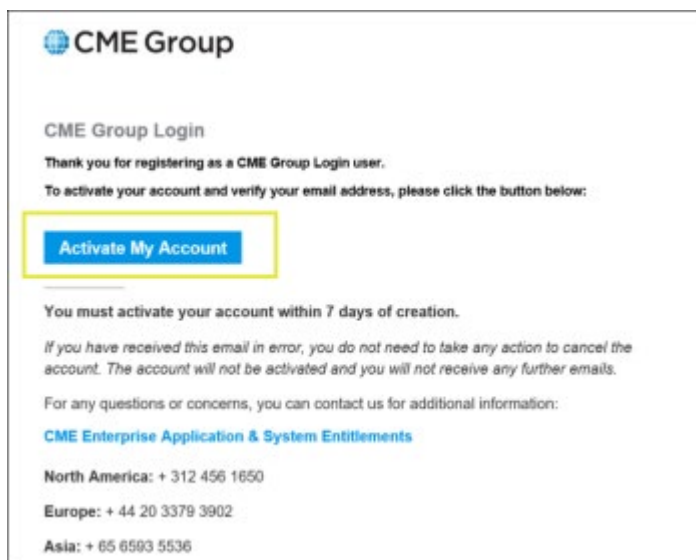

## Step 2: Activate User Profile

- After profile registration, a confirmation/activation email is sent to the Email address. Activation is necessary to login to the account.

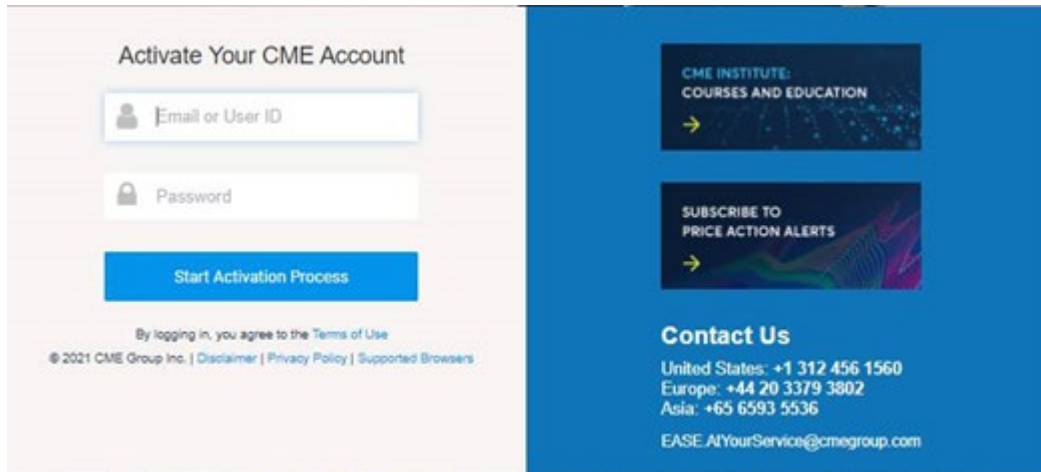

### To activate the profile:

1. Open the activation email from cmegroup.com.
2. Select **Activate My Account**.

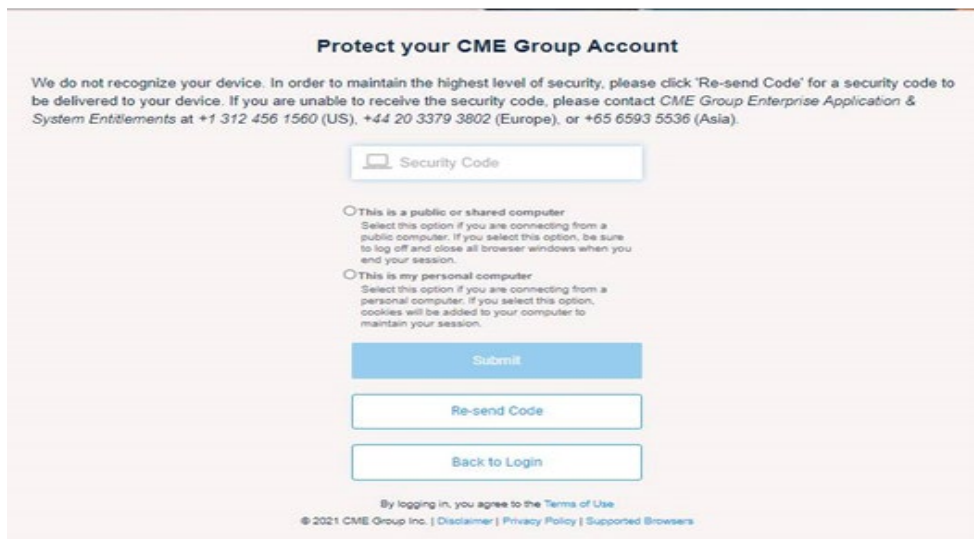

The activation link can be used only once. Additional activation attempts using the same link results in an error.

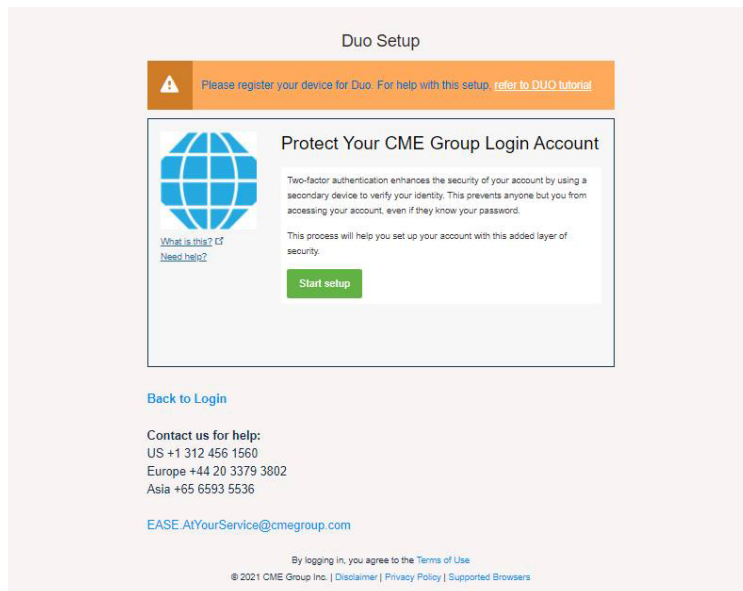

3. Enter your **User ID** and **Password**.
4. Select **Start Activation Process**.

- To complete the Activation Process, enter the Security Code that was sent to your device.

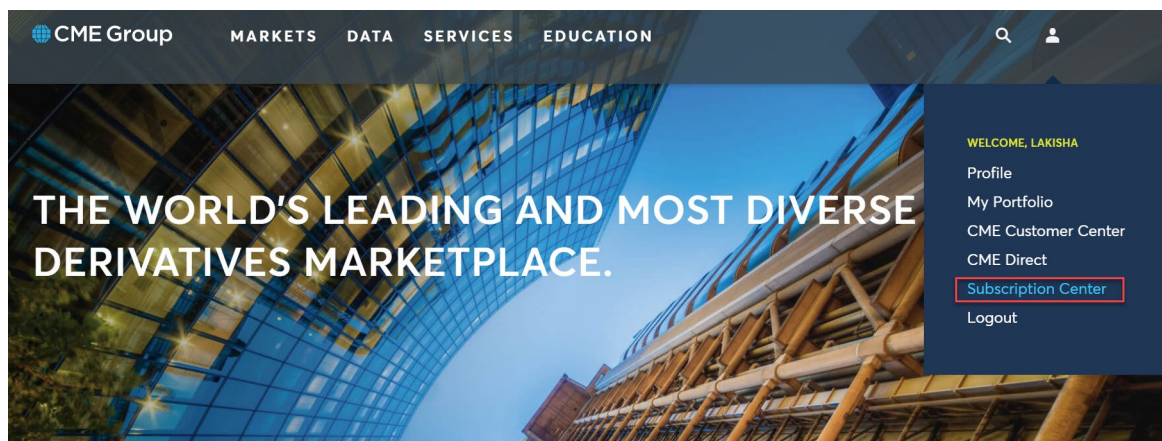

- Once you have activated your account you must register your device for Duo two-factor authentication.

- Select **Start setup** and complete this process. To learn more about Duo, watch the [Getting Started with Duo](#) video.

### Step 3: Subscribe to EBS Market Integration Notices

- Once you have created your CME Group Login with Application Access, please go the [Subscription Center](#).
- Use your CME Group Login (User ID and password) to access the Subscription Center.

- Under Trading and Technology Communications select **EBS Market on CME Globex Notices**, then **Save**.

### Trading and Technology Communications

Receive regular email communications that cover critical system updates, new functionality, product launches and changes, as well as events and announcements that impact specific technology venues.
