

2024 CME Globex Messaging Efficiency Program Holiday Calendar

Due to various U.S. Holidays, CME Globex Messaging Efficiency Program Ratios for all Product Groups included in the Program will not be calculated for the trade dates listed below.

Please note the Excessive Messaging Threshold (EMT) is part of the Messaging Efficiency Program **but does not recognize the MEP holiday calendar.**

For example-

- Presidents' Day is recognized within the MEP holiday calendar on Friday, Sunday and Monday.
- Within EMT, Presidents' Day would not be recognized.
 - Friday would be a normal EMT calculation.
Sunday restart until the early halt on Monday, would be another EMT calculation.
Monday night restart through the close on Tuesday, would be yet another EMT calculation.

Dates*
