

## Dow Jones Commodities Service

*Dow Jones Commodities Service* is designed to match the demands of the commodities and futures professional whose decisions drive the market. This comprehensive service combines onsite reporting with insight and analysis of the global commodities markets, unrivaled in scope and depth. *Dow Jones Commodities Service* brings together the focused coverage of *Dow Jones MetalsWire* and *AgriWire*, with exclusive outlooks and market commentary, plus comprehensive statistics, from cash prices to futures.

Coverage by Dow Jones' dedicated commodities team is supplemented by breaking news drawn from *The Wall Street Journal*, *Barron's* and the Associated Press. Whether it is breaking news, perspective or analysis, *Dow Jones Commodities Service* puts the breadth and experience of the world's largest news service behind your business.

### *Commodities Reporting from Where News Happens*

Building your business requires staying ahead of the market, knowing not only how the price of soybeans is moving, but why – and where it may be headed in the next session. *Dow Jones Commodities Service* starts with a wealth of cash prices for agriculture and metals, and futures markets statistics from all the major exchanges, and follows up with outlooks, in-depth analysis, commentary and exclusives from our editors and reporters in the field. Unique to Dow Jones is the commodity-focused weather analysis and forecasts, and we top it off with relevant headlines and market-moving features that keep you up-to-date with the big picture. Whether you are calculating tomorrow's grain trade in Kansas City, or moving tin out of Kuala Lumpur, *Dow Jones Commodities Service* delivers news your business can grow on.

- + Grains & Oilseeds – Wheat, corn, rice, soy, and palm oil

## ***Inside Commodities with Exclusive Features***

The more you know about the market, the more confidence you bring to your decisions. *Dow Jones Commodities Service* features reports that provide unique insights that broaden your understanding of what's driving the market. From our five reporters on the floor of the Chicago exchanges, you'll not only get the alert on a sudden price movement, you'll know what's behind it with detailed follow-ups. And from our in-house editors comes technical analysis that's timely and sector-specific, providing a quantitative inside view in the context of the broader market.

- + Global & Regional Market Coverage
  - London – LME, Liffe
  - Chicago – CFTC, CBT, CME
  - New York – COMEX, CSCE, FINEX, NYCE, NYFE, NYMEX
  - Midwest – KCBT, MGE
  - Canada – ME, WCE
  - Asia – SGX, SFE, MDEX
- + Dow Jones Technical Analysis – Sector-specific quantitative research and insight
- + *Dow Jones Updates* – Market moves and actives throughout the day
- + *Market Specials* – On-site exclusives behind price swings, DJ Market Talk
- + *Focus Pieces* – Local and regional events' impact on global commodities
- + *US Retail Meat Survey* – Dow Jones' Kansas City livestock editor exclusive on consumer trends

### ***Global Weather Updates: Commodities-Focused Forecasts***

For a player in global commodities, knowing how a drought in Argentina will impact the price of wheat – and what that means in cash and futures – is information that makes a difference. You have direct access to expert weather tracking and analysis that traders, producers, and distributors like yourself need to know.

- + Daily Commodity Weather Report – Tailored for commodities professionals
- + Global Agricultural Weather & Forecasts
- + U.S. Crop Indexes

### ***Financial Futures Coverage You Can Count On***

Whether you are calculating your next futures trade, or mapping out your pricing to suppliers, with *Dow Jones Commodities Service* you'll have fast, accurate tracking of futures prices, daily volume and open interest reports from the major markets around the world, at your fingertips. From the Asia open through mid-day trading in London to the Chicago close, you'll find the charts and comments you need in a concise, user-friendly format.

- + Financials – U.S. debt and credit futures
- + Stock Indexes
- + Currency

### ***Market-Moving Economic & Corporate News***

A look at the bigger picture puts it all in perspective – market-moving geo-political events, stories from companies that do business in commodities, the latest GDP and economic reports, activity on the bond and debt markets. To round out the news day, you'll get headlines and full stories from *The Wall Street Journal*, *Barron's*, and the Associated Press.

- + Stock Market Indexes & Comments
- + Economic Indicators & G7 Reports
- + Bond & Debt Market
- + Forex – Global cash comments
- + Oil & Energy
