ADVISORY #: 19-210

SUBJECT: **Positions to FECPlus Migration**

Please be advised that CME Clearing is migrating the functionality of the current Positions application into FECPlus. Positions will be accessed via the same link users currently use to reach FECPlus. Users will maintain the same access they currently have today, in all environments, respectively.

Some of the benefits of this migration are:

- A smoother and more streamlined user experience
- More refined search and sorting capability
- Fewer screens to navigate to perform Position Maintenance
- More functionality available once the Position Record is found

This enhancement is scheduled for **Production for Monday, July 29, 2019**. On this date, the current Positions applications will no longer be available. Testing in the New Release environment will be available starting Wednesday, July 3, 2019.

Virtual Training Sessions will be scheduled to help users become acquainted with the new screens.

Following is the schedule for **Training Sessions**:

Monday, July 8 – 10:30 AM CST

Tuesday, July 9 – 2:30 PM CST

Wednesday, July 10 – 8:30 AM CST

Please contact the Clearing Client Services (CCS) Team to receive the meeting invitation to any of the Virtual Training Sessions.
