REMINDER: Nikkei Stock Average Futures Price Limit Offset Levels Revised

Effective for Trade Date December 1, 2016

The Offset Levels for the determination of Nikkei Stock Average futures price limits are revised to the following levels, effective as of the commencement of Electronic Trading Hours (ETH) on Wednesday, November 30, 2016, at 5:00 p.m. Chicago time. These offset levels shall be in force until the close of trading on Tuesday, February 28, 2017. The Price Limit Offset Levels are as follows:

December 2016 through February 2017 Nikkei Stock Average Futures Price Limit Offset Levels

Contracts	8% Up and Down Offsets	12% Up and Down Offsets	16% Up and Down Offsets
Nikkei Stock Average Futures	1,390.00	2,080.00	2,780.00
Yen Denominated Nikkei Stock Average Futures	1,390.00	2,080.00	2,780.00
E-mini Yen Denominated Nikkei Stock Average Futures	1,390.00	2,080.00	2,780.00

Exchange Rules call for the Offset Levels to be re-calculated every three months at the end of February, May, August and November preceding the commencement of the next three month period. The three month periods include: March through May; June through August; September through November; and December through February.

Please consult the CME Rulebook for a complete description of the application of the price limit and trading halt provisions for Nikkei Stock Average Futures.
