

## Special Executive Report

---

**DATE:** June 26, 2019

**SER#:** 8408

**SUBJECT: Variable Storage Rate (VSR) Results for Wheat and KC HRW Wheat Premium (Storage) Rates**

The Variable Storage Rate (VSR) mechanism in The Board of Trade of the City of Chicago, Inc. ("CBOT"):

- (1) Wheat futures and Mini-Wheat futures contracts (CME Globex Code: ZW; Clearing and CME ClearPort Code: W; Rulebook Chapter: 14 and CME Globex Code: XW, Clearing and CME Clearport Code: YW; Rulebook Chapter: 14B); and
- (2) KC HRW Wheat futures and Mini-KC HRW Wheat futures contracts (CME Globex Code: KE; Clearing and CME ClearPort Code: KW; Rulebook Chapter: 14H and CME Globex, Clearing and CME Clearport Code: MKC; Rulebook Chapter: 14N)

examines nearby calendar spreads to determine adjustments in maximum contract premium (storage) rates. Below are the results of the July 2019 – September 2019 calendar spread relative to financial full carry during the period of May 20, 2019 through June 21, 2019.

### **Wheat and Mini-Sized Wheat Futures – (No Change)**

The July 2019 – September 2019 Wheat calendar spread averaged **39.70 percent** of financial full carry during the period of May 20, 2019 through June 21, 2019. VSR results that fall below 50 percent of financial full carry normally trigger a reduction in the maximum premium charges. However, regular delivery facility charges for holders of outstanding shipping certificates for Chicago SRW Wheat are already at the lowest allowable rate. Therefore, the maximum premium charge that a Chicago SRW Wheat regular delivery facility may charge holders of its outstanding shipping certificates **will not change** from the current maximum charge of 16.5/100s of one cent per bushel per day (approximately 5 cents per bushel per month).

### **KC HRW & Mini-Sized KC HRW Wheat Futures – (Increase)**

The July 2019 – September 2019 KC HRW Wheat calendar spread averaged **83.42 percent** of financial full carry during the period of May 20, 2019 through June 21, 2019. Since this result falls above 80 percent of financial full carry, the maximum premium charge that a KC HRW Wheat regular delivery facility may charge holders of its outstanding shipping certificates **will increase** from the current maximum charge of

16.5/100s of one cent per bushel per day (approximately 5 cents per bushel per month) to 26.5/100s of one cent per bushel per day (approximately 8 cents per bushel per month) on **July 19, 2019**.

**The Next Evaluation Period**

The next evaluation period for both contracts will measure the September 2019 – December 2019 calendar spread relative to financial full carry during the period of July 19, 2019 to August 23, 2019 with the next possible adjustment to contract premium charges on September 19, 2019.
