The Exchange previously notified market participants regarding certain NYMEX Natural Gas (Platts) products (see [SER 8000](#) dated October 16, 2017). The Exchange is delisting the Contracts as there is no open interest in any listed contract month.

As a result of the delisting, the Exchange is implementing related amendments to the position limit aggregation for the Panhandle Natural Gas (Platts IFERC) Basis Futures (Chapter 525, Code: PH). This contract previously aggregated into the Panhandle Natural Gas (Platts IFERC) Fixed Price Futures contract (Chapter 1281; Code: XH). As a result of the delisting, PH will aggregate into itself.

Also as a result of the delisting, information regarding the Contracts has been deleted from the respective product rulebook chapter, related position limits in the Position Limit, Position Accountability and Reportable Level Table located in the Interpretations and Special Notices Section of Chapter 5 ("Trading Qualifications and Practices") of the NYMEX Rulebook, the CME Globex non-reviewable ranges located in Rule 588.H. of the NYMEX Rulebook, and the list of block-eligible products located on the CME Group website.
