This rate is widely used by the interbank foreign exchange market to cash settle non-deliverable forward contracts for Indian rupee versus U.S. dollars. The FIBL quotes this USD/INR spot rate on its website [www.fbil.org.in](http://www.fbil.org.in). The Final Settlement Price shall be rounded to two (2) decimal places. Open positions on the business day following the termination of trading day will be marked to the Final Settlement Price. For

However, in the event that the Exchange determines that the Clearing House is not able to determine a Final Settlement Price pursuant to any of the preceding sections or the Interpretation to Chapter 279, then Rule 812 shall apply to determine the Final Settlement Price.
