#### 36601. CONTRACT SPECIFICATIONS

Each futures contract shall be valued at \$1,000.00 times the Standard & Poor's 500® Dividend Points Index ("Index").

The Index tracks the total dividends from the constituents of the S&P 500® index. The Index resets to zero quarterly, at the end of the third Friday of each March, June, September, and December. On a given day, the Index level is based on the running total accumulation of all ordinary gross dividends paid on S&P 500® index constituent stocks that have gone ex-dividend since the previous zero-reset date. The Index is expressed in S&P 500® index points.

##### 36602.B. Trading Unit
