Effective on trade date Friday, October 1, 2021, and pending all relevant CFTC regulatory review periods, this Market Regulation Advisory Notice will supersede CME Group Market Regulation Advisory Notice RA1617-5 from December 13, 2016. It is being issued to reflect amendments to CME, CBOT, and NYMEX/COMEX Rule 533 (“Simultaneous Buy and Sell Orders for Different Beneficial Owners”) and CME and CBOT Rule 531 (“Trading Against Customers’ Orders Prohibited”) that will become effective on October 1, 2021.

The amendments to CME, CBOT, and NYMEX/COMEX Rule 533 reduce the waiting period between order entries into CME Globex from 15 to 5 seconds for simultaneous buy and sell options orders for different beneficial owners. The other amendments to CME Rule 533 and the amendments to CME and CBOT Rule 531 are in connection with the September 30, 2021, closure of the trading floor for all products other than options on CME Eurodollar futures and options on CME SOFR futures.¹

Overview

This Advisory Notice clarifies the proper procedures for the handling of simultaneous buy and sell orders for different beneficial owners in open outcry and electronic markets pursuant to Rules 533 and 531. The complete text of these rules begins on page 2 of this Advisory Notice.

Neither this Advisory Notice nor the rules referenced herein pertain to transactions on CME Globex that involve pre-execution communications. Pre-execution communications are addressed in each exchange’s Rule 539 (“Prearranged, Pre-Negotiated and Noncompetitive Trades Prohibited”) and in the Market Regulation Advisory Notice concerning Rule 539, which can be found on the Rulebook Harmonization page at the following link:

CME Open Outcry Markets

CME Rule 533 allows for the direct crossing of buy and sell orders by a floor broker provided that the orders are for the accounts of different beneficial owners and the floor broker executing the orders first openly bids and offers the price and quantity three times in a manner that is transparent to the pit. If neither the bid nor the offer is accepted, then the floor broker may match the orders, or any remaining portion of the orders, in the presence of, and with the approval of, a Floor Operations staff member.

A floor broker may not cross an order with a trade for his own account, an account in which he has a direct or indirect financial interest, or an account over which he has discretionary trading authority unless

he complies with the requirements set forth in Section B. 5. of Rule 531. (“Trading Against Customers’ Orders Prohibited”).

A floor broker who executes a cross trade must ensure that it is reported to Exchange price reporting staff for entry into the Price Reporting System as a cross trade. Failure to identify the transaction to Exchange price reporting staff as a cross trade shall constitute a violation of the rule.

Market participants are reminded that pre-execution communications or any other form of prearrangement are prohibited with respect to all orders entered for execution in the open outcry venue.

**CME, CBOT, NYMEX and COMEX Electronic Markets**

In electronic markets, opposite orders for different beneficial owners that are simultaneously placed by a party with discretion over both accounts may be entered on the electronic platform provided that one order is exposed for a minimum of 5 seconds. Similarly, an order allowing for price and/or time discretion, if not entered immediately upon receipt, may be knowingly entered opposite another order entered by the same firm only if the other order has been entered immediately upon receipt and has been exposed for a minimum of 5 seconds. Orders involving pre-execution communications are separately governed by each Exchange’s Rule 539.
