Revisions to Various Rules in Connection with the Revised CFTC Core Principles Applicable to Designated Contract Markets

Pending all relevant regulatory review periods, effective October 17, 2012, CME, CBOT, NYMEX and COMEX will adopt revisions to various rules in order to conform the respective Exchanges’ rules to the revised CFTC Core Principles and associated regulations applicable to Designated Contract Markets ("DCMs").

The revisions include the following:

- Rules 230.k ("General") and 402.C. ("Business Conduct Committee – Emergency Actions") are being modified to clarify that the Board of Directors or the Business Conduct Committee, as applicable, have the authority to suspend, curtail or terminate trading in all contracts in an emergency situation and the authority to order the liquidation or transfer of positions where the holder is unable or unwilling to make or take delivery. The changes are being adopted as a result of CFTC Regulation § 38.350 ("Core Principle 6"). The revision to Rule 230.h. is based on the recently adopted Rule 418 ("Consent to Exchange Jurisdiction") and associated revisions to Rule 400 ("General Provisions").

- The revisions to Rule 300.E. ("Exchange Committees – Disciplinary Offenses Defined") replace a reference to "Member" with a reference to "Person" to clarify that any person serving on any of the committees referenced in Rule 300.D. ("Disqualification from Certain Committees and Governing Boards") has an affirmative obligation to inform the Exchange if they become ineligible to serve because of having committed a disciplinary offense.

- The revisions to Rule 400 are being adopted in connection with CFTC Regulation § 38.7 ("Prohibited Use of Data Collected for Regulatory Purposes").

- The revisions to Rule 415 ("Cooperation with Other Exchanges and Clearing Organizations") are being adopted in accordance with the requirements of CFTC Regulations § 38.150 ("Core Principle 2") and § 38.159 ("Ability to obtain information") which require that a DCM have rules providing the DCM with the authority to obtain any information needed to remain in compliance with Core Principle 2. The title of Rule 415 has also been modified to accurately characterize the new text of the rule.

- The revisions to Rule 560 ("Position Accountability") are being adopted in connection with the requirements of CFTC Regulation § 38.254 ("Ability to obtain information"). Regulation § 38.254 requires a DCM to have rules requiring traders in its contracts to keep records of their trading, including records of their activity in the underlying commodity and related derivatives markets, and to make such records available to the DCM upon request.

- The revisions to Rule 853 ("Transfers of Trades and Customer Accounts") are being adopted to harmonize the window of time in which trades may be transferred to correct an error that is made in
the clearing of a trade. Historically, CME and CBOT have allowed two business days and NYMEX and COMEX have allowed four business days. The harmonized rule allows three business days.

The revisions are set forth below, with additions underscored and deletions overstruck.
