

Memorandum

TO: Back Office Managers/GPS Users
FROM: Clearing House
ADVISORY #: 05 - 284
DATE: December 12, 2005
SUBJECT: **GPS Screen Addition**

Based on feedback from the GPS user community we have designed an "Add Trade" screen in the GPS application. Now, in GPS users will have the ability to manually add trades during the current GPS processing cycle.

The Add Trades function can be found under the Transactions tab on the left hand side of the GPS main menu screen. Select your firm number, exchange and executing/carrying perspective and click Add. The next screen will prompt you to enter all the specific trade details, once you are done and have verified your entries, click Add.

If you have any questions regarding the use of the GPS application please contact CME Clearing Services at 312.207.2525 or email at ccs@cme.com.

Thank you!
