ADVISORY #: 07-35
DATE: February 6, 2007
SUBJECT: **PC-SPAN now supports Internet Explorer version 7**

A new build of PC-SPAN® is now available which is compatible with the latest version 7 of Microsoft's Internet Explorer web browser.

The new software is version 4.06, build 441. Registered users of PC-SPAN may download it without charge from the PC-SPAN Software Distribution web site at www.cme-ch.com/pc-span.

In previous versions, the PC-SPAN Reporting Module did not work correctly on PC's running Internet Explorer version 7.

If you have questions or concerns, please contact CME Clearing's Risk Department at 312-648-3888.
