SUBJECT: Very Important: CME Clearing FTP Server Relocation Effective July 19, 2008

DATE: July 15, 2008

Please be informed that CME Clearing is scheduled to migrate the network based FTP server to another location effective this Saturday, July 19, 2008. Please note that the IP address, login ID and password will not be changed and firms should be able to maintain their current access to the server and upload or download clearing data to and from CME Clearing.

However, to ensure there are no connectivity issues we encourage all firms to connect to the FTP server and retrieve a data file such as the trade register after 9 a.m. on Saturday, July 19th.

For questions or concerns please contact CME Clearing at (312) 207-2525 or email at ccs@cmegroup.com.

Thank you.
