Notice #: Q2007-300
Subject: NYMEX Market Data Network Maintenance – Internal CME Globex® Market Data Testing Required – *This Saturday, December 1, 2007*

NYMEX issued the following notice today:

[Attention NYMEX Market Data Vendors](#),
NYMEX has reserved this upcoming Saturday, 12/1/2007, for required network maintenance. As a result of this maintenance, internal testing of Globex Market Data from the CME MDP will be necessary. Please see the attached document for additional details.

Attention NYMEX Market Data vendors,

NYMEX has reserved this upcoming Saturday, 12/1/2007, for required network maintenance. As a result of this maintenance, internal testing of Globex Market Data from the CME MDP will be necessary. However, there is no need for Market Data Vendors to interpret or analyze this test data, and it is asked that on Saturday you please ignore any test data received over any of the ITC 2.1/RLC channels for NYMEX/COMEX products on the CME MDP (channels 30, 31, 32, 35, 36, 37, 38, 39, 40, 41, 42, or 43).

Please Note:

- Testing will start at 9:00AM ET and continue until approximately 12:30PM ET.
- Test messages disseminated over CME MDP will include a trade date of 12/1.
- Test data will not be disseminated over the NYMEX ITC 2.1 Multicast feed.

Thank you for your cooperation.
