A.M. Settlement Confirmations

Settlement variation and performance bond cash call/release amounts resulting from Friday, October 5th and Monday, October 8th RTH settlement cycles will be confirmed by the settlement banks by 7:30 a.m. on Tuesday, October 9th.

Settlement banks will process cash flows resulting from Friday and Monday's RTH settlement cycle on Tuesday, October 9th.

As securities near their maturity date, the values of these assets change, this can result in a change to their Performance Bond values at CME. With this, you may see changes in the asset values on deposit with CME on Tuesday morning after the holiday. Increase/decrease in the values of these collateral assets from Friday and Monday may result in PB call/release, which would be banked on Tuesday morning in addition to the regular RTH settlements from Friday and Monday.
