

Advisory Notice

Clearing House

11-447

TO: Back Office Managers/BPS Users
FROM: Clearing House
DATE: December 13, 2011
SUBJECT: **Brokerage Payment System (BPS) – Rebranding**

Effective **Monday, December 19, 2011**, the BPS application will reflect CME branding standards; namely the “look and feel” will be similar to that of the other trade revenue systems; such as the Give-Up Payment System (GPS) and the Exchange Fee System (EFS).

This upgrade was in design only; current *BPS functionality will remain the same*. For those interested, the newly branded BPS version is available for review under the **Broker Payment System Training** link via CME’s certification portal at connectcert.cme.com.

In efforts, to migrate to a single sign-on solution, also effective **Monday, December 19, 2011**, all BPS users will be required to use their CME Portal (connect.cmegroup.com) credentials (user id and password) when accessing the BPS login screen.

Should you have any questions or concerns please contact CME Clearing Services at 312.207.2525 or email at ccs@cmegroup.com.

Thank you!
