DATE: May 19, 2014

SUBJECT: **FECPlus Migration Phase 2: Electronic Trade Management (ETM) \*UPDATE\***

### Testing

Firm testing for the ETM migration has been rescheduled for Wednesday, May 28th. The testing will be done in the Certification environment (CDC5) exclusively.

*Please be aware that, while ETM testing is underway, it will take priority over any other non-ETM Certification or New Release region testing that firms or vendors might be conducting during this time.*

### Training

CCS will host training for new users of FECPlus in Chicago and New York as well as online. The Chicago sessions will be held every Thursday at 11AM beginning May 29<sup>th</sup> in the trading knowledge center located on the 2<sup>nd</sup> floor of the CBOT building. Anyone who currently has access to the floor will have access to this room. Please contact [CCS@CMEGroup.com](mailto:CCS@CMEGroup.com) by the Tuesday before each session if you plan on attending so we can get a head count for each class. We will be sending out details for our New York class in the future.

If firms are looking for an online demo please contact us at [CCS@CMEGroup.com](mailto:CCS@CMEGroup.com) to setup a time.

### Industry Conference Call

Beginning Wednesday, May 21<sup>st</sup> we will resume the weekly FECPlus Operations Forum conference calls with Clearing Firms and Vendors to allow for timely feedback and information sharing. This will be a weekly call every Wednesday beginning at 11AM. We will utilize the same email list we used for the last FEC+ launch. If you would like to be added please email the CCS team. Call-In details are as follows:

Call-in number (877)979-3898  
Access Code 3894456

### Operational Changes

Please note there will be ***no changes to API messaging.***
