ADVISORY No.: 15-123

SUBJECT: PC-SPAN Version 4.5 Build 585A

DATE: Wednesday, May 6th, 2015

Please be advised that on Monday May 4th, 2015 CME Clearing released a new build of PC-SPAN®, Version 4.5 Build 585A, in the New Release environment. The Production release is currently scheduled for Friday May 8th, 2015. This build includes support for the ICE PA6 file and minor CCE Natural Gas delivery charge code fixes. It will be available for download through [CME Core](#) on Monday May 11, 2015. Access to CME CORE requires a CME SMART CLICK ID. New users can register here: <https://login.cmegroup.com/sso/register/>.

This build upgrade is **not mandatory** as current products will not be affected. However, it is advisable that customers upgrade in order to run the ICE PA6 file for margin purposes.

Please contact the CME Clearing Risk Hotline at 312-648-3888 or clearing.riskmanagement@cmegroup.com if you have questions relating to this functionality. For any issues accessing the CORE website, please contact the CORE team at CME.CORE@cmegroup.com.
