CME ClearPort SMART Click Migration Legacy Users

Existing CME ClearPort users will be required to transition their entitlements to a SMART Click ID before using SMART Click to access the application.

If you have logged into CME ClearPort with in the last six months, you will receive the following login screen. Upon legacy login, if not yet registered for SMART Click, an option will display which allows transitioning existing entitlements from the Legacy ID to SMART Click in a streamlined fashion.

The screenshot shows the CME Group logo and CME ClearPort® header. Below is a dark grey box with the text "CME CLEARPORT TRADE ENTRY VIA CME DIRECT" and three bullet points: "Faster & Easier", "Includes Real-time CME ClearPort Block ticker and futures prices", and "Includes IM chat via CME Direct Messenger". A link "Request your CME Direct login" is also present. To the right is an image of a computer monitor displaying the CME Direct interface. Below this is a "Login to CME ClearPort" link. A message states: "CME Group will require you to use a SMART Click ID to access CME ClearPort by Friday, Mar. 13th, 2015". A red link "Click Here if you have a SMART Click ID" is provided. A paragraph explains the benefits of SMART Click, including added security, mobile phone number integration, and consolidation of multiple IDs. A question asks: "Would you like to take a minute to transition to SMART Click right now?". Two buttons are shown: "No Thanks. I'll do this later..." and "Yes. Let's Do it!".

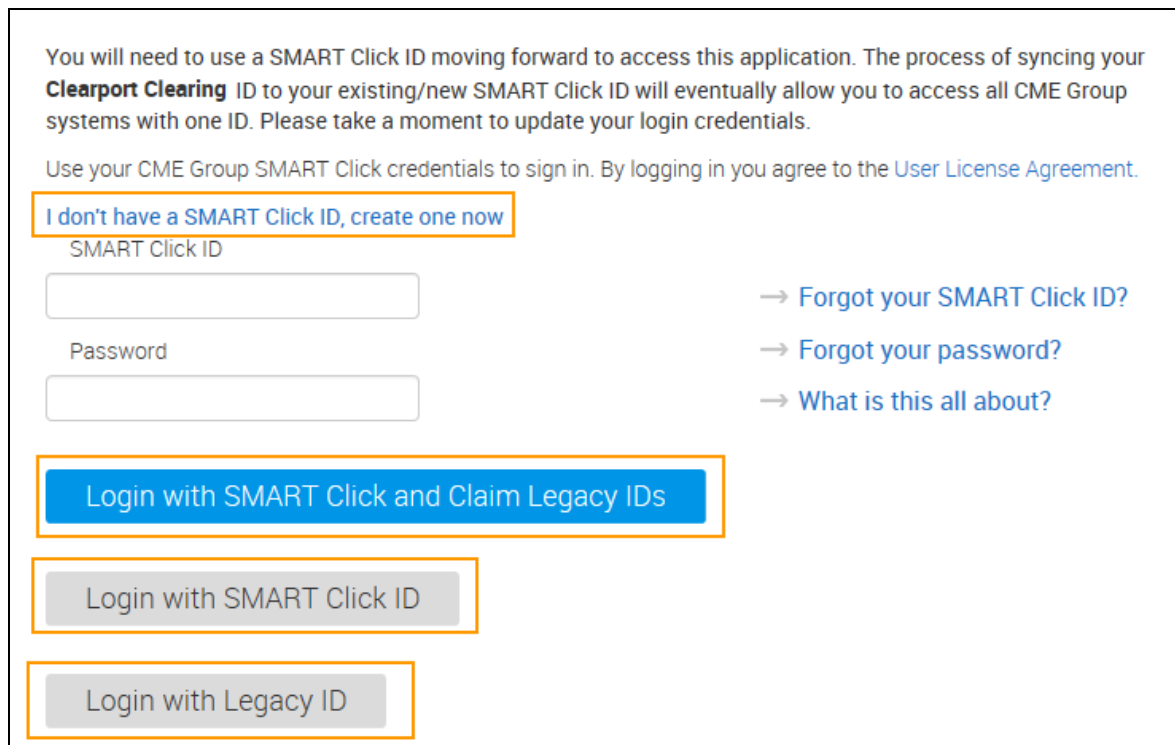

- When ready to transition to SMART Click, click **Yes, Let's Do it!** and follow prompts for each part of the process:
 - Verify/update user account information
 - Submit the SMART Click registration form
 - Activate their SMART Click ID via email.

Once the SMART Click ID is activated, return to the application and click **Next** in order to complete the transition process.

- Click “**Click Here if you already have a SMART Click ID**” if already using a SMART Click ID to access other CME Group applications. Following this:
 - Utilize the new CME ClearPort SMART Click login page to enter existing SMART Click credentials and click the “**Login with SMART Click and Claim Legacy IDs**” button.
 - Follow prompts to login with legacy ID(s) credentials in order to transition existing CME ClearPort entitlements to SMART Click ID.

CME ClearPort SMART Click Migration New Users

The following screen displays prior to the first login to CME ClearPort with a Smart Click ID.

You will need to use a SMART Click ID moving forward to access this application. The process of syncing your **Clearport Clearing** ID to your existing/new SMART Click ID will eventually allow you to access all CME Group systems with one ID. Please take a moment to update your login credentials.

Use your CME Group SMART Click credentials to sign in. By logging in you agree to the [User License Agreement](#).

[Login with Legacy ID](#)

The following login options are available:

- If a SMART Click ID has not been created, click **I don't have a SMART Click ID, create one now**. The Contact Information form will display and can be filled out and submitted.
- If a SMART Click ID has been created and there are Legacy IDs, enter the Smart Click ID and Password and click **Login with SMART Click and Claim Legacy IDs**.

- Enter a legacy Username and Password, and then click **Claim Legacy ID** to claim the Legacy ID.
 - Repeat for multiple Legacy IDs.
- If a SMART Click ID has been created, and there are no Legacy IDs that need to be claimed, enter the SMART Click ID and password, and click **Login with SMART Click ID**.
- To Login with a Legacy ID, click **Login with Legacy ID**.
 - Click **Yes, skip for now**. On the Legacy login page, enter your Username and Password.
